Prog. Con. Officials Told B.C. Holds Out For Fair Tax Split

VANCOUVER (CP)—Speaking on the eve of Premier Hart's departure for new financial talks at Ottawa, Finance Minister Herbert Anscomb said here that British Columbia is "not prepared to make a deal in which this province will be tied hand and foot to a bureaucracy 3,500 miles away which is not interested in giving our people the social services and expanding our economy."

In an address Saturday night to executives of the B.C. Progressive-Conservative Party, of which he is leader, Mr. Anscomb reviewed the wartime Dominion-Provincial taxation agreement which will expire next March and the negotiations for a new agreement so far.

The Finance Minister said the B.C. Government had told Ottawa "We know from the records that you collected some \$163,000,000 in income tax in 1943-44, and with what you got from companies operating in B.C. but having headquarters outside — like the Consolidated Mining & Smelting Company—you took a total of \$200,000,000 out of the province."

"That is not satisfactory to us," he said. "We are not going now at the same tempo as during the war, but B.C. is growing and there will be a tremendous increase in revenue. We want a percentage of what you collect."

"We have got to get enough to develop this province and to pay for the increasing social services."

He added that the negotiations had never reached the stage where the Dominion would consider these proposals or say what the percentage should be.

Weather

Weather today and tomorrow valid until midnight Nov. 26. Vancouver and vicinity Lower Fraser Valley, Straits of Georgia — Overcast with rain showers to day. Overcast with intermittent rain tomorrow. Light winds. Little change in temperature. West Coast Vancouver Island — Overcast with rain showers to day. Overcast with continuous rain tomorrow. Southwest winds. Little change in temperature.

'Save The Franc' Government Foreseen As Need Of France

PARIS (Reuter)—The as-yet unborn French government already is being talked about as the "Save the Franc" government.

Periodically, the ministry of finance denies there is any intention to devalue the franc again, but the weekly balance sheet of the Bank of France, with its recent all-time high for the note circulation at over 400,000,000 francs, the rapidly rising prices for many staple foodstuffs, and a new series of higher wage demands by various trade unions, appear to tell a different tale.

Production has made great strides in the last two years, usually under great difficulties. Pre-war levels have been reached in several important industries, including textiles, but further progress is hindered by a coal bottleneck.

Most French financial and monetary experts consider the

franc can hold at the present rate of exchange of 119 to the dollar, provided production goes ahead sufficiently rapidly.

The "underground" circulation of gold in France is estimated at 3,000 tons. The Bank of France owns only about 700 tons. Tens of thousands of peasants trade their produce in gold only.

The black market rate for gold is roughly seven times the official rate fixed by the authorities.

A well-known French liberal economist, Rene Sedillot, has suggested that the Bank of France or the French mint offer to buy or sell gold at a price somewhere between the official rate and the current black market rate. He believes that, if properly handled, this would break the back of the black market and ultimately bring a lot of gold into government's coffers.

Britain, U.S. Discuss Plans For Germany

LONDON (Reuter)—The cabinet at its meeting today was understood to have discussed proposals for the integration of the British and U.S. zones of Germany. The cabinet had before it the latest communiques from the United States on the talks now proceeding between British Foreign Secretary Bevin and U.S. State Secretary Byrnes.

A decision was still awaited on the proposal for the reorganization of the Ruhr industries by Britain and the United States at an estimated cost to each of the two occupying countries of \$500,000,000 over a three-year period.

Final agreement was still to be reached on the respective shares which Britain and the U.S. feel they can contribute to the total sum.

At present Britain spends £80,000,000 (\$320,000,000) annually on her zone of Germany.

29 Martyrs Beatified

VATICAN CITY (AP)—Twenty-nine Roman Catholics who died for their faith in China in the "great persecution of 1900" were beatified Sunday with solemn ceremonies in St. Peter's Basilica.

The group of martyrs, most of them missionaries, included nationals of Italy, France, Holland and Belgium, and 14 Chinese.

Lewis, Miners' Union To Face Trial On Wednesday

WASHINGTON (AP)—Judge T. Alan Goldsborough declared today that John L. Lewis and his United Mine Workers "undertook to decide the law for themselves" and ordered them to trial Wednesday for contempt in the United States' soft coal shutdown.

The trial probably will run into next week while industrial paralysis tightens from the diminishing coal supply.

Welly K. Hopkins, counsel for Mr. Lewis and the union, sought a delay to permit Joseph A. Padway, general counsel of the American Federation of Labor, to join in the defence, but Judge Goldsborough refused the request, commenting that the "public interest" requires as speedy a settlement as possible in view of the mine walkout now in its fifth day.

Judge Goldsborough also expressed the hope that labor unions would not do something that might influence Congress to pass legislation which might "set the labor movement back for years."

"I don't know whether I was justified in making that statement," he commented afterwards. "It was extra-judicial."

The White House meanwhile maintained silence.

NOT PURGED

Judge Goldsborough set Wednesday's trial after ruling that Mr. Lewis had not purged himself of the contempt charge directed against him Nov. 21 for failure to withdraw a no-contract notice to the government. It was Mr. Lewis' cancellation of the work agreement that touched off the walkout of 400,000 soft coal miners.

Mr. Lewis sat silently in the crowded courtroom during the 40-minute session while Mr. Hop-

Islander Killed With 3 Others In C.N.R. Wreck

SASKATOON (CP)—Four men—all members of the train crews—were killed Sunday night when two Canadian National Railway trains collided head-on at Young, Sask., about 50 miles east of here.

The dead: Engineer J. Roy Lyons of Melville, Sask., and Fireman H. N. Currie of Duncan, B.C., both on a Winnipeg-bound express; Engineer J. O. Logan of Biggar, Sask., and head brakeman J. Malec, also of Biggar, both aboard a west-bound freight.

Seven other persons—Frank Rehvald, editor of Der Nordwesten, a Winnipeg German-language weekly; Sterling Toles, porter; Marcel Compayre, dining car steward; George Kendall, an engineer from Melville, Sask.; P. S. Dooley, an operator at Saskatoon, and two others whose names were not available—were taken to hospitals at Watrous, Melville and Saskatoon. They were suffering from what were described as minor injuries.

A number of passengers suffered bruises and a shaking up. Railway officials said an investigation into the cause of the collision was under way.

Mother Accused Of Murder Under 2 Doctors' Care

Twenty-four-hour-a-day supervision as well as frequent attention from a medical doctor and a psychiatrist is being given Mrs. Elizabeth Yuen, 34-year-old mother being held at the city jail on charges of murdering her year-old and a half-old twin daughters, Betty Ann and Nancy Lee, acting Police Chief John H. Rogers said today.

The attractive Russian-Canadian woman who came to Victoria from Saskatoon with her Chinese husband, now dead, approximately two years ago, will undergo preliminary hearing on the murder charges next Friday. She was booked at the jail last Friday after being released from Jubilee Hospital to the police on the approval of her physician. She had been confined in hospital suffering cuts on her neck which police believe were self-inflicted.

She and her babies were found bleeding from neck wounds on Thursday in a room which they occupied in a house at 1922 Blanshard Street. The babies died from the wounds.

It is understood that since her confinement in jail Mrs. Yuen has suffered fits of depression and also has become violent at times, so much so that she has been placed in a straight-jacket. Her 12-year-old son, Eddie, who discovered his mother and sisters unconscious in their room, has not been allowed to visit her yet. He is being cared for by the Children's Aid Society. Any visit of the boy will depend on findings of the psychiatrist.

Prices are exempt under existing legislation from paying municipal taxes.

Mayhew Still After Improved Docks

R. W. Mayhew, M.P., has written the City Council promising that he will continue to press for improvement of Ogden Point piers, and see that copies of the correspondence between R. C. Vaughan, president of the C.N.R., and Mayor Percy George on the matter reach the minister of transport.

Mr. Mayhew recalled in his letter that he had already taken the matter up several times with the minister of transport, taking him out to see the docks when he was in Victoria recently.

"This is one of the problems on which I have been working for some time which, you will admit, is a rather difficult one to solve," he concluded.

May Pay Cities

REGINA (CP)—Decision on whether the Saskatchewan government will pay taxes to provincial cities for public services provided Crown corporations and other government enterprises will be made shortly, Municipal Affairs Minister J. H. Brockbank said today. Federal and provincial government-operated enter-

New Company To Take Over Colwood Park Interests Here

Application has been made to the Provincial Companies Office, it was learned today, for the incorporation of the Willows Turf & Country Club Ltd., a new company which will take over the interests of the Colwood Park Association Ltd. in Victoria.

The incorporation of the new company will probably be granted later this week, when certain other details requested by the provincial office are supplied by the new company.

A short time ago S. W. Ran-

dall, president of the Colwood Park Association, purchased Willows fairgrounds from the city of Victoria for \$125,000 and the drawing up of the necessary documents, including the title and other legal formalities has almost been completed by the city solicitor's office. It was anticipated that the formal handing over of the title, and the receipt of Mr. Randall's cheque would have been completed this week.

Nothing can be done about transferring the Colwood Park Association interests in the Willows to any new company until this formality has been concluded. Ald. Edward Williams, chairman of the finance committee, said following a meeting today, because the by-law which was passed by the electorate and approved by the Lieutenant-Governor in Council expressly authorizes sale to the Colwood Park Association.

The B.C. Agricultural Association is going to take over a lease for the premises for 12 months, instead of only two, as proposed in the original agreement. Ald. Williams said, because the Recreation Council to whom the 10-month lease was to be given, has no capital to put into expensive building program.

The Agricultural Association is drawing up plans for a recreation and sports centre at the Willows which will be sub-leased to Victoria sports organizations and the recreation council for badminton, lacrosse, basketball and other events.

Ten-Year Sentences For Birtelsen, Indian Woman

John Birtelsen, 17-year-old Brentwood youth, convicted of attempted murder, was sentenced by Mr. Justice A. D. Macfarlane in Assize Court today to 10 years in the penitentiary for the shooting on July 20 of Constable Stanley Cornish.

The judge also sentenced Ethel James, Esquimalt Indian, convicted of manslaughter, to 10 years. The Indian woman was accused of bringing about the death of her five-year-old niece, Rosan, whose body was discovered marked with bruises, lacerations and wounds.

George Paton, 28, and Charles Brown, 30, found guilty of breaking and entering at the Crystal Spring Soda Company, were both sentenced to five years' penitentiary.

James Ross, also convicted of breaking and entering, was also given five years' term in the penitentiary.

In sentencing Birtelsen, the judge said that the youth had committed a serious crime when he shot the police officer, which might have led to a much more serious charge.

The judge pointed out that police officers had to be protected when exercising their duties.

Birtelsen stood quietly in the prisoners' dock when the judge read the sentence. His mother,

sitting in the rear of the courtroom, burst into tears.

With regard to Ethel James, Mr. Justice Macfarlane said, "I am taking the most charitable viewpoint that the child's death was the result of some violent passion, but the fact remains that a life was taken."

SOUGHT LASH

George Paton, convicted of breaking and entering made a bid to have his sentence reduced by offering to take lashes in lieu of years.

But the judge pointed out that it was beyond his jurisdiction to impose the lash and the prisoner would have to serve his five years.

In sentencing Charles Brown, the judge said the prisoner could have his sentence reduced if he showed signs of trying to improve himself when serving his penitentiary term.

James Ross, found guilty of breaking and entering, pleaded that he was drunk on the occasion and did not know what he was doing. "I didn't steal anything," he said, "I wasn't thinking of stealing anything."

The judge pointed out that his record showed that he had previously been convicted for similar offences.

"Your record goes back over 20 years," he said. "Prison terms don't seem to do you much good, but I'm always willing to help if you make an effort to improve yourself."

Province Levies Tax, Sets Fees On Milk Trade In 2 Districts

British Columbia's one-man milk board, with the approval of the provincial government, has levied a fee and tax on all milk dealers, milk-jobbers, distributor-producers and primary producers operating within Greater Victoria and Greater Vancouver.

The new tax and fees do not mean the price of milk in these areas will increase since the prices are already set by the board.

Purpose of the new tax is to secure revenue for the board which started operation last summer when milk subsidies and price controls of the Wartime Prices and Trade Board were abandoned.

The fee for securing a license, which is required for all classes of milk producers, dealers, distributor-producers and primary producers, is \$1, due Dec. 1 and payable on renewal of license each April 1.

The tax is as follows: Class 1—Milk dealers: ½ cent on every 100 pounds of whole milk received from primary producer and ½ cent on every pound of butterfat sold in form of cream for use in the fluid trade.

Class 2—Milk jobbers: \$5 per annum for each vehicle used. Class 3—Distributor-producers: 1 cent for every 100 pounds of milk sold to the public, this to be broken down as follows: ½ cent for each 100 pounds produced and ½ cent for each 100 pounds sold.

Class 4—Primary producers: ½ cent for each 100 pounds sold or assigned to milk dealer or producer-distributor, and ½ cent on every pound of butterfat sold or assigned to milk dealer or producer-distributor in form of cream for use in fluid milk trade. Licenses issued to Classes 1, 2

Gales Continue To Lash Britain

LONDON (CP)—Gales and rain lashed British coasts today for the third successive day and the Thames, Severn and Medway rivers rose to flood stage.

A 733-ton coastal vessel, the Ayrshire Coast, was towed into Weymouth Bay, her engine and boiler rooms flooded, after a day and night battle against high seas in the English Channel.

Floods and landslides halted motor and rail traffic in many southern sections.

16 Seamen Adrift After Vessels Sink

MIAMI, Fla. (AP)—Two small freighters sank in a pre-dawn collision 30 miles south of Miami early today and eight hours later a lifeboat and raft were sighted

Minister Outlines Water Probe Terms

Questions which Dr. E. A. Cleveland, chief commissioner of the Greater Vancouver Water District, will be asked to answer during his inquiry into the water supply and distribution systems on the south end of Vancouver Island were outlined today by Lands and Forests Minister E. T. Kenney.

Appointment of Dr. Cleveland, to make a thorough study of the water supply situation here, was announced by Premier John Hart some weeks ago. The areas to be considered include Victoria, Oak Bay, Saanich, Esquimalt and unorganized territory on the Saanich Peninsula and at Sooke and Metchosin.

No date has been set for Dr. Cleveland for the start of the inquiry which may or may not include public hearings. (For further details see Page 12.)

A VOLTE FACE

AS WE SAID IN THESE COLUMNS ON Saturday, the offer for an integrated transportation service presented to the joint committee of the four municipalities by the British Columbia Electric Railway Company, Ltd., and the Vancouver Island Coach Lines, Ltd., furnishes an adequate basis for a business-like discussion of what must be regarded as the future of this district's domestic travelling facilities. The existing streetcar service is antiquated, literally shrieking for a change, and the condition of many of the city's streets is not only a challenge to safety, but also a disgrace to the capital city of the province of British Columbia. But the feeling of the public has been that, sooner or later, some such move as that represented by the proposal now before the Greater Victoria Transportation Committee would be made. This is why we suggest that the people of this community will now welcome something concrete for their consideration.

It is not necessary here to reiterate the specific details of the proposal in question. On the other hand, however, it is important for the general public of the four municipalities to take particular notice of the fact that Alderman Diggon, speaking as chairman for the joint body, has taken serious objection to several of the provisions of the offer submitted by the two companies. Nor is he required to apologize for speaking as frankly and as eloquently as he did at the meeting in the City Hall last Saturday. What must be borne in mind, however, is that he cannot and does not speak for the representatives of Oak Bay, Saanich and Esquimalt. To what extent Alderman Diggon reflects the views of his own aldermanic colleagues, moreover, is highly conjectural. He is nevertheless advised by City Solicitor Patton "that the city does not gain anything beyond what it already has," but "on the contrary, the franchise asked for would be disadvantageous to the city's future." We are told, too, that this official's communication suggests that all avenues be explored with a view to public ownership.

Particular emphasis need not be laid on the city solicitor's views, as such, but they serve to bring into sharp relief Alderman Diggon's volte face. As recently as Aug. 29, last, for example, the chairman of the Greater Victoria Transportation Committee met a group of labor leaders in this city and presented a complete report on the intra-municipal body's researches and the reasons why it had decided against operation of the transportation system as a public utility—because the present "is not an opportune time for such action here." And the following extract from the newspaper report of those proceedings is illuminative:

"The argument that a publicly-owned system would not pay income taxes and thus result in a saving to the community must be considered in relation to the fact that it would also not pay property taxes, a source of considerable revenue to the community under private ownership. The exemption of public utilities from taxation thus merely throws an additional burden on the taxpayer and 'it is a matter of indifference to him whether he pays a higher fare and a lower tax or a lower fare and a higher tax.' The Public Utilities Commission can control the service fares and the profits of a privately-owned system, a control which would be largely absent if the system should become publicly owned."

The foregoing reflects the opinion of Alderman Diggon less than three months ago. It would be interesting to know the reason why, in the interim, he has changed his view so much as to convince him that he was sound in his judgment when he said this on Saturday:

"This proposal—the only one submitted—definitely directs our attention towards public ownership of our transportation service. If we cannot buy the services we require on our terms, we shall be obliged to take over whatever equipment the local operator has and run the service ourselves. This we can do, and effectively, too. Make no mistake... The people of Greater Victoria will not be trifled with by a transportation company. If no tender on our terms is presented forthwith, we shall be obliged to proceed toward public ownership under the powers invested in us under the Municipal Act."

Mark well the above. Place it side by side with the following declaration by the Alderman in question: "As chairman of the Greater Victoria Transportation Committee, I am unalterably opposed to forwarding this proposed franchise to the Municipal Councils with any favorable recommendation from the Committee." Well and good; but the chief business of the moment is a full and frank discussion between the various members of the committee—on which they, not the chairman alone, will make up their minds on what to do with the joint proposal of the two transportation companies.

A GREAT OPPORTUNITY

THOSE PRIVILEGED TO HAVE SEEN the widely publicized British film version of Shakespeare's "Henry V" will find particular satisfaction in the knowledge that special arrangements are being made to have as many senior school students as possible enjoy this educational and entertaining dramatic treat. Within the compass of little more than two hours, it will give them a finer understanding of a great and historic work, and the conditions under which it was originally produced, than could

days of careful reading and study in the most comprehensive course.

Here they find Shakespeare of the Globe Theatre, subject to the limitations of a confined stage, but with it a Shakespeare that soars timelessly beyond the physical boundaries imposed by the technicalities of presentation during his day. And the young student will come away with an imperishable appreciation of those magnificent passages which, all too frequently, lose their significance through the repetitive monotony of "required study."

It is not our purpose here to detail the triumph that has been achieved on the screen. It is our desire to applaud the arrangements by which a great subject becomes meaningful to thousands of young Canadians through the excellence of this film version.

THE BROADER ISSUE

THE WORDS OF JUDGE T. ALAN Goldborough, whose order today requires John L. Lewis and his United Mine Workers, to stand trial for contempt in the United States soft-coal shutdown, will be marked not only by our neighbors, but by citizens in this country and every other in which labor-management disputes curtail production. Said Mr. Goldborough: "I don't think any thinking person wants to see anything happen to labor unions in so far as their raising their standards of living are concerned."

Agreement will be general on that score. None questions the value of the work of trades unionism in protecting the interests of its membership and at the same time helping to improve conditions for all workers. Nor does the average citizen here or elsewhere lack sympathy for the men whose occupation requires them to work in an industry which cannot be anything but hazardous beneath the surface of the earth. But while the legal technicalities of Mr. Lewis's status are being determined in Washington, the greatest producer nation is placed in a position which threatens the output of steel plants and other factories at a time when consumers in the United States and the rest of the world need their products urgently. Many other services are curtailed and jeopardized and the menace of industrial paralysis, with its loss of pay cheques and other hardships, looms larger.

Under these conditions the proposals of Democrat Senator J. W. Fulbright that Congress outlaw strikes and compel arbitration of labor disputes in basic industries will attract wide attention. Neither labor nor management, of course, wants strikes. Either would prefer to win its case without resort to this form of disruption. But while thinking people, as Mr. Goldborough points out, wish nothing to happen to trades unions to cripple their abilities to improve standards for their members, the public which suffers extensively from strikes, is unquestionably growing restive.

FRANCE TAKES ANOTHER STEP

ALTHOUGH FINAL RETURNS ARE awaited, it would appear that the elections in France yesterday to choose the Council of the Republic—the second chamber authorized by the constitution—have conformed fairly closely to the verdict in respect of the Chamber of Deputies rendered two weeks ago. As this is written the M.R.P. have returned 24,757 electors, the Communists 24,544, the Socialists 14,280, the Radical Socialists 8,381, and the Rightist bloc of the Republican Party 11,742. It is to be noted, moreover, that M. Bidault's party, the Mouvement Republicain Populaire, had also captured the largest number of the popular vote—3,839,835 to the Communists' 3,736,077 at last reports. Electoral Colleges are due to meet in France's cantons on Dec. 8 to choose 200 of the 315 deputies of whom the Council of the Republic is to be composed. The respective parties will be allotted 50 more seats on the basis of their strength in the National Assembly, while voters in the overseas areas will choose the remaining 65 seats a week later.

The next development is scheduled to take place on Thursday of this week, when M.R.P. leader M. Bidault and his cabinet will tender their resignations to the Assembly. The two Houses will then meet to choose a President of the Republic. It is on this aspect of the election of Nov. 10 and yesterday's voting that controversy is likely to centre. Since the Communists number 190 seats out of the Lower Chamber's 618, and as they ran a close second in the total of the electors just chosen, their leader, M. Thorez, insists on his intention to persuade the Socialists to join him in forming a Working-Class-Party government with a Premier of the extreme left political faith. On the other hand, with 162 seats in the principal legislative body, the M.R.P. has signified its unwillingness to co-operate with the Communists. Out of this mixture of parties, however, some form of coalition administration for the Fourth Republic is expected to emerge when the necessity for stability is thoroughly canvassed and understood.

NEED FOR EDUCATION

BRITAIN'S HOUSE OF COMMONS HAS listened to many strange stories through the years. But at a recent sitting the members were treated to one that will cause not a few Canadians and Americans to rub their eyes in wonderment. Mr. Kenneth Lindsay, Independent member for the English Universities, said that some British school textbooks led to the belief that all Canadians were Eskimos and that all Americans lived in Hollywood.

One of these days, of course, some level-headed Britons and Americans will get together and agree that the histories of both nations should be rewritten to conform with the realities of the times.

Number 1 Problem

By F. B. WALKER LONDON.

THERE MAY BE differences of opinion as to the degree of crisis which exists today in the British zone of Germany but no one will deny that a crisis exists, that it is a continuing crisis and that the situation is growing steadily more serious.

The British Commander in Chief, Sir Sholto Douglas, flew recently to London for conferences with Prime Minister Clement Attlee and Mr. J. B. Hynd, Chancellor of the Duchy of Lancaster and minister in charge of the British zone. His preliminary report on the food situation appears to be less pessimistic than those arriving direct from occupation officials in Germany.

Lord Pakenham, speaking in the House of Lords debate, stated bluntly that working stocks of bread grain in British hands on Nov. 1 did not exceed 10 days' supply. Everything depended upon what could be obtained from overseas and much of it would be at the expense of the British taxpayer.

WHEAT REQUIREMENTS for the British zone are approximately 300,000 tons a month. About 180,000 tons of this comes from imports and it is this amount which is missing at present and which has brought about the food crisis.

Urgent negotiations have been carried on to make up these supplies.

But what happened in regard to food—and the recent maritime strike in the United States is largely responsible—is only part of a serious and progressive deterioration which has taken place over many months in Germany.

Lord Beveridge, with remarkable persistence and determination, has raised the question again and again. In the Lords debate he returned to the basic fallacy in the government of Germany.

His thesis, and one that is attracting increasing support, is that the Potsdam agreement is impracticable, inconsistent with the Atlantic Charter and positively absurd in some of its stipulations, such as, for example, the elimination of all industry which has a war potential.

HIS CONTENTION IS that the Potsdam agreement should be suspended until all the allies are willing to co-operate in carrying out its terms. He asked a particularly pertinent question: Why was the allocation of coal from the British zone subject to decision of all the occupying powers, while the allocation of food was not?

The picture given by Lord Beveridge of conditions in the British zone amply justifies his description of it as "absolutely intolerable." People were suffering from an advanced state of malnutrition, the greater proportion of them had only one suit, the shortage of footwear was critical, there was virtually no domestic coal and the soap ration was minute.

The housing shortage was acute; there were hardly any consumer goods to be had; the British plan for the release of German prisoners of war was inadequate; tuberculosis had made enormous strides.

He described the type of administration and its performance as "controls gone mad." He was followed by the Bishop of Chichester, who warned that unless present policies were changed, instead of denazifying the German people, Britain would re-nazify them.

AT THE SAME TIME, this week's edition of the Tribune, a weekly review of politics and letters, contains an illuminating first article on the British zone. The Tribune is a government supporter but no criticism could be sharper than the bald facts it states.

The article is entitled "Danger Spot No. 1." It charges that corruption and carpet-bagging by "well known British combines and private interests" have made their appearance in the British zone. It declares: "It is now the British zone of Germany and not the Franco Spain, or Greece, or the faraway squabble at U.N.O., that is fast turning into 'Danger Spot No. 1' for international security. It did not need the recent spate of newspaper stories about almost total industrial standstill, starvation, confusion and growing desperation in north-west Germany to make this plain. Leading British military government officials have for months been informing the government of the desperate urgency of the situation affecting both 23,000,000 people in the industrial heart of Europe and the prestige of Britain and British rule."

AS THE TRIBUNE points out, the clumsiness of four power rule has hampered the British government. Thousands of refugees have been expelled from the Russian zone and the confusion of U.S. domestic policies has sent wheat prices soaring.

But apart from these international factors, Britain has herself to blame for much of her trouble. The Control Commission has been guilty of bad administration. Coal production in the Ruhr is running at less than half the prewar rate. Ruhr miners are dropping out at the rate of 1,000 a week. Steel production is crippled. There has been a disastrous drop in morale. The promised boost in food rations has not been fulfilled.

The British zone is over-controlled and poorly controlled. There is a desperate black market. The problem of reparations needs revision.

IN A RECORD, fundamentally good, the British government has shown in its treatment of the German zone, a serious lack of appreciation of the desperate nature of the problem which is, in truth, the first problem in Europe today.

A word to top officials: The easy way to avoid embarrassing entanglements is to tell the truth in the first place.

Things Are Warming Up

While She Bought Her Cake

I AM a cocker spaniel. My mistress took me downtown on Saturday morning because she wanted to buy some cake, of which she is very fond. She tied me to a railing at the head of a stairway leading into a department store. There was a great crowd of people hurrying past, so she tied me very short. I could not even get my head down to the ground. Then she went down the stairs.

A cocker spaniel feels very small, when he looks up at the knees of strangers. In this place they all had to swing around a corner, and did not see me until I was almost under their feet. As more and more went by, all strangers, I began to feel frightened. Then I began to whimper. Their feet were so close. Some of them stepped on me. They put out their hands toward me. I thought they might hit me, so I snapped at them.

I kept looking for someone I knew, but there was nobody—just those rushing strangers. At last I heard a woman say: "Is that dog still tied there? I was here half an hour ago and almost fell over him."

AFTER SOME MORE time a policeman came and stood beside me. He talked in a nice way, asking where my owner was. He stayed so long that I knew he was a friend. Then another policeman came, and a third. They all stood there, keeping the people away. That was pleasant. It even made me feel warmer. I began to talk about my mistress, and it seemed to me that they did not like her.

At last the policeman went away, one at a time. I had no friends left. I was terrified, and I was tied so short. I snapped at everybody who came near. Then a young man stood by me, and kept talking. I knew he was a friend, too. I was still cold, and

frightened, and it terrible to be so near those rushing strangers and be hardly able to move. But the young man did not go away.

AT LAST I saw my mistress coming up the stairs. I was overjoyed. She would take me away from these terrible people, and out of the cold. She had her cake, too, a little square package which she wanted so much. The young man who had kept the people away did not seem to like my mistress. He talked to her the way I have heard some people talk when I have happened to get into a vegetable garden.

He kept saying: "Don't bring your dog downtown. Don't leave him tied for an hour. Don't tie him so short. He's frightened. That's why he snaps at people. Leave your dog at home."

I was very grateful to my mistress for taking me home. Perhaps she will leave me there next time.—I. B. Foradog.

Over War Highways To 'Aussie' Outback

By LEN BARKER

AREAS OF north and central Australia, home of the last living examples of the Australian aboriginal in his natural state, are again being visited by tourists.

A tourist coach firm has opened a service from Melbourne, capital of Victoria, to Darwin over two transcontinental highways built during the Pacific war by the Allied Works Council to link the industrial south with the undeveloped north.

The biggest of the two highways is the Alice Springs to Darwin bitumen-surfaced road, which is nearly 1,000 miles long and cost over \$10,000,000 to construct. The second, also finished with bitumen, branches east from Tennant's Creek (on the Alice Springs-Darwin road) to Mount Isa, Queensland, a distance of 403 miles.

With Melbourne as a base, coaches equipped with the most modern appointments have a choice of two routes on the long and absorbing trek to Darwin. One is by way of the beautiful Princess Highway to Sydney and Brisbane, a trip which in itself takes in some of the best scenery on the eastern seaboard of Australia.

FROM BRISBANE the route swings northwest into the interior of Queensland, passing through such towns as Roma and Charleville, to Mount Isa, where the highway to Tennant's Creek begins.

The road threads its way to Tennant's Creek across vast plains covered with spinifex grass and studded with giant hills, 20 to 30 feet high—like miniature church spires. Near Tennant's Creek, the course followed by the coach branches off to search for the best game grounds. As animal and bird life is to a certain extent migratory, no set itinerary is followed by the coach when it reaches this area.

This is the heart of the aboriginal's domain. This is a country of deserts, jungles and wide rivers which present unequalled opportunities for hunting croc-

odiles, duck, geese and other types of wild game. There are also great herds of wild buffalo, as well as many emus, kangaroos and wallabies.

A VISIT might be made to a nearby friendly aboriginal tribe, to see one of their stirring corroboree dances. These tribal dances are a ritual handed down from father to son.

Three days are spent in Darwin. This town has been described as the coming metropolis of the north, when vast resources of north and central Australia are tapped. At the moment, it is in process of being rebuilt, after having been almost destroyed by Japanese bombing.

The site is on a high promontory, its cliffs covered in dense tropical vegetation. Darwin is a staging point for planes on the Australia-England run, and a bunkering port for ships plying to the Far East. Portion of Australia's romantic pearling industry is also based here.

The return journey from Darwin is made along the Darwin-Alice Springs highway. This is still wild buffalo country. It is a colorful stretch of territory in which great flocks of gaily-hued tropical birds are to be seen.

Crossing the MacDonnell Ranges, the road to Alice Springs rises over 2,000 feet. Some geologists say the MacDonnell Ranges are the remnants of an once mighty rock barrier which stretched across the continent. But the onslaught of the ice age and other elemental changes reduced them to twisted and malformed deposits of rock. The stark beauty and color of these sandstone rocks provide inspiration for a growing group of Australian artists.

ALICE SPRINGS, although a small town, is the trade centre for cattlemen and opal miners. It has two hotels, and offers many opportunities for tourists to see the bizarre and unusual of Australia's "out back." It is close to such tourist sites as Hermannsburg Mission, Finke River and Palm Springs. In Alice Springs the traveler transfers to a train for the

journey to Adelaide. The countryside on this line is largely desert, with the sand bound by spinifex grass. Thousands of small creeks which are dry in summer but spring to life when the wet season arrives, form a lacework pattern through the earth.

The last lap of the 7,850-mile journey is made by parlor coach. The view from the Melbourne-bound coach, as it leaves Adelaide and climbs the steep sides of Mount Lofty, is in direct contrast to that which has been seen in the north and central parts of the continent.

After the Victoria-South Australia border is crossed, the western district of Victoria is entered. Richest pastoral area of Victoria and the area from which comes the world's finest merino wool, the western district is a country of green undulating hills.

No man is too homely or insignificant in appearance to doubt the woman who tells him he looks distinguished.

WE WERE LICKED

(New Republic)

Progressives this week would do well to remember Joe Stillwell, the Vinegar Joe who came out of Burma to tell the world, "We took a helluva beating," and then marched in again. The Progressive position as a result of this election is the weakest it has been since 1928 when the Hoover Republicans had things their own way in the House.

WEIGHTY EVIDENCE

(NEA Service)

Prof. Earnest Hooton of Harvard suggests that girls might do worse than marry a fat man, since fat men love physical comforts, have even emotions, love people, and are good husbands and family men.

Hey, Professor, remember Herman Goering?

WELL DONE, MR. ILSLEY

(Winnipeg Free Press)

Mr. Ilsley's recent statement on the progress of reconversion and the economic condition of Canada gave evidence of a large degree of satisfaction. And from the point of view of Minister of Finance he has every reason to be pleased for the accomplishments have been substantial and the outlook is promising.

STERILIZED FILLING STATIONS

(Vancouver Province)

That municipal authorities have been granted the power—a grant long overdue—to enforce cleanliness in beer taverns is good news.

There can be no argument that a bacteria hunt in the glassware of beer parlors is a good thing. It is a good thing that responsible municipal authorities will have the power to say to licensees "Clean up, or close up."

IMITATION NOT FLATTERY

(Edmonton Journal)

A Toronto county court was the scene of an unusual lawsuit recently, when a number of Rennie turned up to oppose the application of one Jaroslav Rezek to have his name changed to theirs.

Their principle objection was that Rennie was of Scottish origin, and that the applicant, being of Czech descent was not entitled to "the dignity of a traditionally Scottish name."

The point is an interesting one, and it doesn't appear to have come up in Canada before.

Unfortunately, the court failed to settle the issue. It ruled instead that Rennie was not a Scottish name, so that the argument against the applicant's adopting it was pointless. This no doubt pleased Mr. Rezek, and made the Rennies angrier than ever, but it left the main question undecided.

Rocket Navigator

Rocket route: With his pen pointing at Venus, Dr. Samuel Herrick, astronomy professor at the University of California, calculates the course of a seven-mile-per-second rocket-ship voyage to Venus.

LOS ANGELES—Against the day somebody wants to take a couple of years off for a round trip to Venus, a professor at the University of California is teaching students how to steer a rocket ship into the interstellar spaces.

The professor, Dr. Samuel Herrick, astronomer and first instructor in the art of rocket navigation, calculates it would take "a few hundred days" for a one-way trip to Venus, or two years for a round trip that wouldn't allow any time to see how the other half lives—if anything does live there.

The business of steering an interstellar space ship so that it will come within a few hundred miles of its destination, which is what Dr. Herrick is teaching 10 juniors and seniors at the university, is not a simple job of shooting for a star.

The earth is zooming in a circle around the sun at a speed of 18 miles a second, and Venus also is racing around in its own orbit at a similar high speed, a moving target which will require a lot of figuring if you are going to hit it at the end of a 700,000,000-mile trip.

Dr. Herrick calculates a speed of seven miles a second is necessary for a rocket ship to get off the earth and to escape the pull of gravity. He is not concerned with how such a speed is to be obtained, but he feels confident that someday people will be able to design rocket ships that will gain that momentum.

AND IF YOU MISS

So first you plot the angle at which you should leave the

earth, remembering that you and your target, Venus, are tearing around the sun at similar speed rates and in different sized circles or orbits. You must also calculate the pull on your ship from the earth, the sun, the moon, and any planets you happen to approach on your journey.

If you aim correctly and your calculations come out as expected, you will hit Venus within a few hundred miles and the pull of that planet's gravity should direct you to its surface. Now you shoot a few rockets in the opposite direction to break your speed. Don't count on parachuting out of the rocket ship, because Venus doesn't have the earth's atmosphere; there will be nothing to fill your parachute.

But if your figures are wrong and you miss Venus by more than 2,000 miles, the rocket ship will probably run out of fuel and drift in a circle around the sun forever.

Dr. Herrick is confident that within a few years earthmen will be rocket-shiping to the moon. But he holds some contempt for such an unspectacular trip, and hopefully hitches his navigation plans to Venus.

Dr. Bryant Named Chief Of N. Pacific Surgical Group

Victoria was named as the site of the next meeting of the North Pacific Surgical Association, it was decided at the annual parley of the association in Spokane, Wash., Saturday when Dr. Frank M. Bryant, of this city, was elected to the office of president for the ensuing year.

A warning that older people should be particularly careful about appendicitis because 70 per cent of the persons over 50 years of age who suffer an attack have a burst appendix before they call a doctor, was voiced at the convention by Dr. O. T. Lamson, Seattle. The symptoms in older people were usually less obvious and consequently more dangerous, he declared.

Speakers Emphasize Need Of Recreation

The Film Forum, held in the Council Chamber of the City Hall Friday evening, was sponsored by the Recreation Council of Greater Victoria. Two films were shown, "Arts and Crafts of the Eskimos" and "The Prairies Sing."

Speakers were Rev. G. R. Easter representing the churches, Alf Batchelor, Recreation Branch of the Department of Education, Alf Worthington representing youth, and Eric G. Jones representing the Recreation Council.

Mr. Easter described the effort being made by First Baptist Church to provide recreation for all who wish it, whether they were members of the church or not.

Mr. Batchelor described the development of the Pro Rec since 1934, and said that there had been so many requests for classes that now there were four Pro Rec Keep-fit Centres for women in the city.

Mr. Worthington referred to the survey made by the Youth Commission and said the majority of parents admitted that it was not a question of juvenile delinquency but of parental delinquency.

Mr. Jones gave a brief outline of the Recreation Council, and stated that very little can be done without money. He stressed the need for leaders.

Squirrel Steals \$500

SAN CARLOS, ARIZ. (AP) — Mr. and Mrs. Brack Lindley reported a thief had cut a hole in a box and made off with their savings. Postmaster C. H. Higgins turned sleuth and came up with the culprit and the loot—a squirrel nesting in \$500 worth of shredded \$5 and 10 bills.

Mrs. Douglas Haggart with Laird Andrew

Christening rites for two-month-old Laird Andrew, son of Mr. and Mrs. Douglas Haggart, were performed recently in Oak Bay United Church. Rev. W. W. McPherson officiated. The adored grandson of Mr. and Mrs. P. A. Gibbs, Island Road, and Mr. and Mrs. Andrew Haggart, West Point Grey, Vancouver, is pictured above with his pretty mother, the former Gwen Gibbs. Mrs. Haggart and the baby will be guests of her parents until early in the new year when they will journey to the Maritimes to join Mr. Haggart who has been transferred there.

—Associated Screen News.

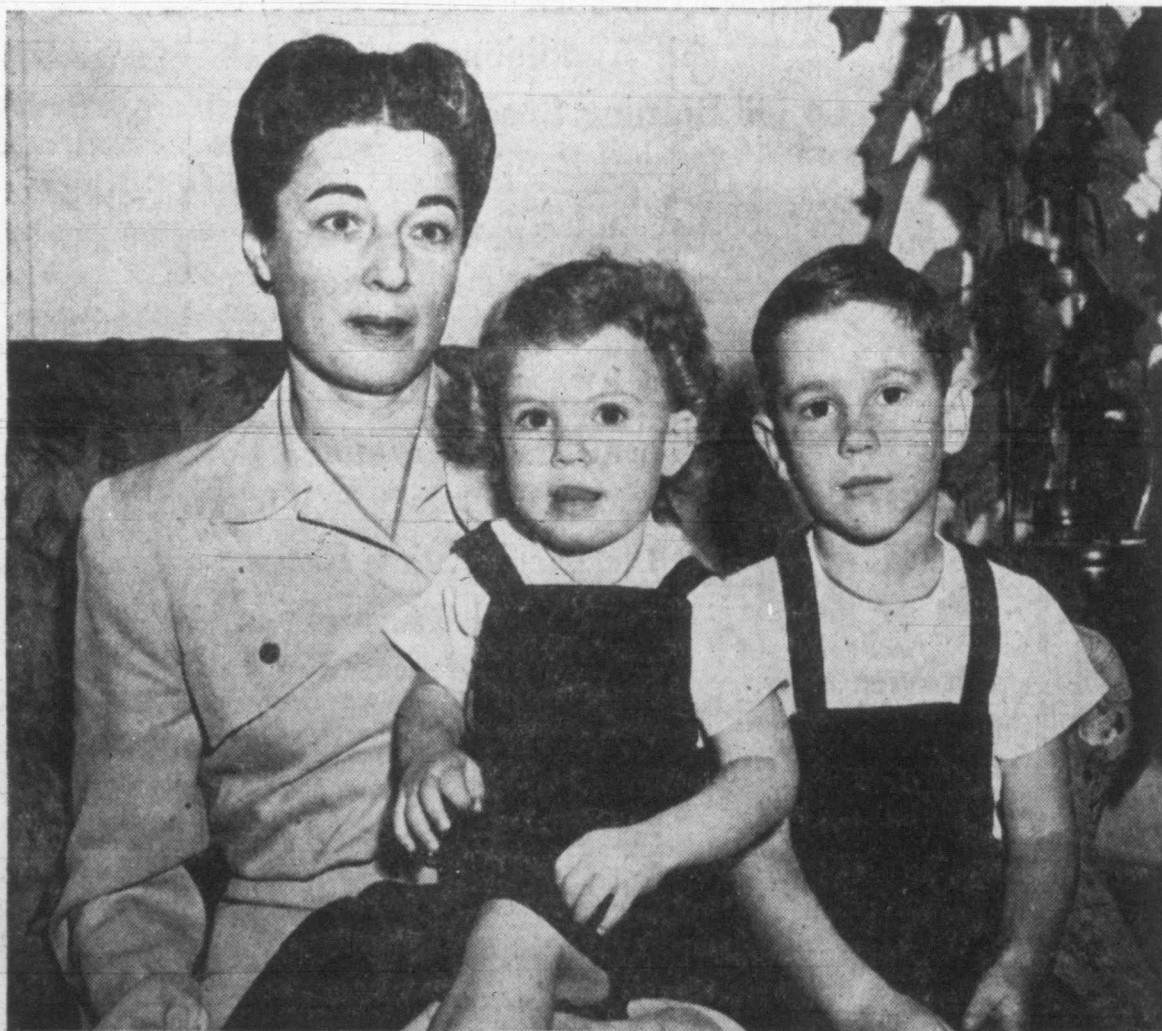

Miss Mary Joy McCormack

Charming acquisition to Victoria's younger set is Miss Mary Joy McCormack, daughter of Mrs. Carson McCormack, who has come with her mother from Toronto to make their home here. At present the McCormacks are guests at the Empress Hotel.

Mrs. E. L. McNiven and Mrs. Grace Miller

Mrs. Grace Miller, formerly of Moose Jaw and Regina, who has spent the past year as guest of her daughter, Mrs. E. L. McNiven, will now make her permanent home in Victoria at 2784 Burdick Avenue. On Saturday, Mrs. McNiven entertained at her Falkland Road home with a reception in honor of her mother.

Mrs. Arthur Eyles with Sharon and Charles

Home for Christmas is Mrs. M. Arthur Eyles and her two children, Sharon, age 2 and 5½-year-old Charles. The former Isabel Turner and her children traveled by air from Honolulu to San Francisco and then to Victoria to spend the holiday season with her father, Mr. W. A. Turner, Heron Street. Mr. Eyles, who accompanied his family to the United States, is now in New York, but will join them here in a few weeks.

Miss Pat Fitzpatrick

Back in Victoria after a year's service overseas with St. John Ambulance Brigade is Miss Pat Fitzpatrick, below, only daughter of Mrs. M. Fitzpatrick, Denison Road. Leaving Victoria last September, Miss Fitzpatrick spent some time in a British military hospital in Worcester, England, and also at brigade headquarters in London. She returned to Canada in October aboard the Aquitania and visited in Montreal with Miss Peggy Turner before returning to her home in the city.

Mr. Fred P. Irwin of Toronto
arrived Sunday to visit his
parents, Mr. and Mrs. John Irwin
at the Empress Hotel.Mr. Donald Straith left Victoria
on the week-end for San Francisco
from where he flew to Honolulu
on a six-week combined business
and pleasure trip.Mr. and Mrs. Frank Baker of
Regina, with their daughter, Miss
Marie Baker of Vancouver, ar-
rived here to attend the wedding
of their son, Dr. Alfred Baker to
Miss Yvonne Shellinck, which
took place Saturday.After a five months visit in
England and Scotland, Mr. and
Mrs. Edward Goddall and their
son Dick have returned to their
home, 1550 Wilmet Place. Ar-
riving on the Queen Elizabeth,
they stopped over in New York,
Montreal and Vancouver.Attending the McCaghey-Gun-
niss nuptials over the week-end
were Mr. and Mrs. M. Gunniss,
parents of the bride, Mr. and
Mrs. J. Gerard, Mrs. J. Gorton,
Mrs. N. Clarke, and Miss J.
Campbell of Nanaimo, and Mr.
and Mrs. H. Turquist, Mrs. M.
Thorntson and Mr. M. Tur-
quist of Vancouver.Mrs. George Miles, 1340
Stanley Avenue, returned home
last week after a six week trip
in California. En route, Mrs.
Miles visited her daughter, Mrs.
Charlotte Talbot in Los Angeles,
her son, Mr. George Miles and
his family in San Marino, and her
grandson and his wife, Dr. and
Mrs. Robert Miles Talbot of
Seattle.In honor of Miss Winifred
Oxendale, prior to her departure
for Saskatoon, where she will be
married, a shower was held by
the Misses K. M. and E. Mitchell
at their home, 655 Admirals
Road. Invited guests included
Mesdames M. I. Oxendale, E. Mit-
chell, C. Fensham, W. Davis, G.
Gilman, R. Whittle, T. Lofting,
N. Boyd and B. Ferguson.Mrs. Alan Cook and Mrs. Hugh
Molyneux entertained with a
miscellaneous shower and tea
recently in honor of Miss Dorothy
McLaren, a December bride-elect.
The principal and her mother,
Mrs. L. H. McLaren were pre-
sented with corsage bouquets on
arrival. Others present were
Mesdames J. Gorman, W. How-
lett, J. McDonald and Miss
Dorothy McLaren, Muriel Ander-
son and Joyce Applegate.In honor of Miss Joyce Chris-
tenson, a December bride-elect,
Mrs. A. Mickelson, 903 Hereward
Road, entertained with a mis-
cellaneous shower. Gifts were
concealed in a miniature bung-
low. Corsage bouquets were
presented to the honor guest, her
mother, Mrs. J. A. Christenson,
and mother of the groom-elect,
Mrs. J. Harper. Guests were
Mesdames F. Davison, E. Lower,
W. E. Christenson, A. March, H.
Money, A. J. Christenson, D.
Lawton, W. Ray, R. Fisher, E.
Irwin, C. Christenson, S. Guppy,
R. L. Wood, D. Arnold, E. Brown
and Misses Diane Christenson,
Joyce Kemp, Peggy Ray, Lor-
raine Christenson.A double christening took
place at St. Barnabas Church re-
cently when the infant twin
daughter and son of Mr. and Mrs.
Gordon H. Anderson of White-
horse, Yukon Territory, received
the names Darlene Mary and
Douglas Randle. Rev. E. Munn
officiated and godparents were
Mrs. Evelyn Browning, Nanaimo;
Mrs. Florence Beaumont, Mayo,
Y.T.; Mr. Darly F. Anderson,
Miss Frances Winterbottom, Mr.
Howard Brundice, Whitehorse,
Y.T., and Mr. James F. Ander-
son. The christening party was
entertained later at tea at the
home of the maternal grand-
parents, Mr. and Mrs. F. E. An-
derson, 2217 Vancouver Street.Mr. and Mrs. H. Vaughn
Barker entertained informally at
their home, 664 Battery Street,
in honor of Miss Yvonne Shel-
linck and Dr. Al Baker, who
were married on Saturday. Dur-
ing the evening the bride-elect
was presented with a shower of
handkerchiefs from her former
classmates in St. Joseph's Hos-
pital, of which she is a graduate.
Guests were Mr. and Mrs. Shel-
linck Sr., Mr. and Mrs. W. H.
Barnes, Mr. and Mrs. T. Kindred,
Mrs. C. Rivers, Misses Yvonne
Shellinck, Alva Wilkinson, Ber-
keley Churchill, Gladys Mallick,
Joan Davis, Gloria Sanders, Flo-
rence Spencer, Ruth Collier,
Therese Rivers, Marie Longpre,
Rose Shommer, Messrs. A. and
H. Shellinck and L. Barnes.Neighborhood Club—The Neigh-
borly Club, formed especially for
those of any age who live alone
and seek companionship, meets
Wednesday, at 8, in the Friends'
Meeting House, 1831 Fern Street,
a half block from No. 9 car stop,
corner of Fern and Fort Streets,
nearly opposite St. Margaret's
School.

To Be Married In Washington, D.C.

—Adams Studio, Washington, D.C.

Mr. Edwin H. G. Webber, at
present of Washington, D.C., and
Mrs. Olive C. Webber of Victoria,
British Columbia, announce the
engagement of their daughter,
Miss Ursula Bernice Webber to
Mr. James Morton Springmann,
son of Mr. and Mrs. Joseph M.
Springmann of Washington, D.C.Miss Webber, born in Edmon-
ton, left Victoria for Washington,
D.C. in 1943, to take a position
with the state department section
of the British Ministry of Supply
Mission where she is now super-
visor. During the war, Miss
Webber has been an active mem-
ber of the Y.W.C.A. and Y.M.C.A.
hostess organizations, and the
American Red Cross Canteen
Corps.The wedding will be held in the
Church of the Presidents, St.
John's Church, which faces the
White House, on Dec. 6. The
honeymoon will be spent in Ber-
muda, after which the couple
will reside in Washington, D.C.Groups Realize Large Sums
At Saturday's Gift BazaarsWith Christmas less than a
month away, many church
groups and other societies are
sponsoring gift bazaars.Saturday the Women's Guild
of St. Andrew's Presbyterian
Church, Christ Church Cathedral
Women's Auxiliary and the
Junior Auxiliary to the B.C. Pro-
testant Orphanage sponsored
successful affairs with large
crowds attending and good sums
of money realized.Miss Margaret Clay officiated
at the opening of St. Andrew's
Presbyterian Church bazaar, and
was presented with a corsage
bouquet by the president, Mrs. T.
Cree, who also welcomed the
guests.Afternoon tea was served from
a dainty table decorated with a
floral arrangement of pink chrys-
anthemums and snapdragons,
flanked with tall pink tapers in
silver candelabra. Presiding at
the urns were Mesdames J. L.
W. McLean, J. A. Kennedy, M. C.
Fuller and F. W. Hawes.Brightly decorated stalls ar-
ranged around the lecture room
were convened by various groups
within the guild under their own
leaders as follows: Uplands, Mrs.
F. A. Lindsay; Oak Bay, M. J.
Madeley; Fairfield, Mrs. W. A.
MacDonald; James Bay, Mrs. M.
Hirst; Lake Hill, Mrs. W. Head;
the Guild, Mrs. M. C. Pearce.

HOLLY BAZAAR

A sum of over \$500 was cleared
for the work of the church.Over \$700 was realized at the
holly bazaar and tea held at the
B.C. Protestant Orphanage un-
der the auspices of the Junior
Auxiliary.Miss Kathleen Agnew, opened
the afternoon's activities, and
gave a brief resume of work of
the auxiliary. Mrs. Rita Mc-
Tavish and Mrs. A. Barner, ma-
trons of the Orphanage, received
guests, and Mrs. R. W. Mayhew
drew prizes for contests and
games.A musical program arranged
by Miss Jean Dumerton included
numbers by Misses Muriel and
Mildred Temple, Elizabeth Hard-

'C' For Citizenship—Part Of Play Group Activities

The small children pictured above are in the Children's Garden Library play group which meets in First Baptist Church primary room three mornings weekly.

They are shown grouped around a big decorated box that will be used in a "C" for Citizenship program sponsored by the Children's Garden Library on Dec. 13, at 8, in the Chamber of Commerce Auditorium. Proceeds will be for the Save the Children Fund.

The public will be invited to fill the box with warm clothing and other gifts for the fund.

A one-act human interest drama entitled "Give Us This Day" is an outstanding feature of the program, in which happy Canadian family life reaches out to

help those less fortunate. The Christmas story will be told in Kodachrome pictures interwoven with appropriate musical selections in song, harp numbers and instrumental trios. The Cloverdale girls' choir will provide background music in song.

Garden Library color moving pictures of the visit of Lady Margaret Alexander to the library in the summer will also be shown.

The concert is under the patronage of Mayor Percy E. George and Mrs. George and Mr. and Mrs. Herbert Pendergast.

Club Calendar

W.A. Children's Aid Society, Monday at 2.30, Y.W.C.A., Royal Bride Chapter, I.O.D.E., Monday at 8 at headquarters... Mistresses' and Past Mistresses' Association, L.O.B.A., Tuesday at 8 at home of Mrs. G. E. Kealey, 597 Oliver Street... Ladies' Aid, Church of Our Lord, annual Christmas tea and sale of work, Wednesday, 3 to 6, Cridge Memorial Hall.

W.A. to Pro Patria Branch, Canadian Legion, bazaar shower at home of Mrs. Baker postponed, owing to illness. Donations for bazaar must be in early Saturday... W.A. to Royal Jubilee Hospital sponsor three Noel Coward one-act plays at Little Theatre tonight. Conveners, Mrs. J. G. W. Tallamy, Mrs. N. Becketov and Mrs. L. H. Bates.

Do You Feel Nervous And All on Edge?

People suffering from loss of appetite and rundown condition with symptoms of nerve strain often need a nerve and general tonic. Glycero-Lecithin with Vitamin B(1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B(1) in the system, appetite is improved and the system thereby built up to normal if the loss of appetite was due to deficiency of Vitamin B(1) in the diet. \$1.00 at all Cunningham Drug Stores and other Drug Stores.

The sisters of St. Joseph's Hospital extend grateful thanks to the members of the Senior Ladies' Auxiliary and to all those who contributed to the success of the annual bazaar.

Saturday's Bride Has Five Attendants

Four senior attendants, attired in crinoline frocks, and a dainty flower girl, preceded Miss Audrey Gunniss, youngest daughter of Mr. and Mrs. Mathew Gunniss, 131 Victoria Road, Nanaimo, into St. Andrew's Presbyterian Church, Saturday evening, when she became the bride of William Douglas McCaghey, son of T. McCaghey, 1607 Morrison Street.

Rev. J. L. W. McLean performed the ceremony in a setting of white chrysanthemums. C. C. Warren played traditional wedding music and soloist was Douglas Ritchie.

A brocaded satin gown, styled with sweetheart neckline, fitted waist and full skirt forming a slight train was worn by the bride. She completed her costume with a full-length embroidered veil held with white ostrich plumes, and a shower bouquet of deep-red roses and gardenias. Her only jewelry was a strand of pearls belonging to her mother.

A colorful picture was formed by Mrs. Magnus Thorstenson of Vancouver, as matron of honor, and Miss Vimy Gunniss of Nanaimo, in turquoise blue taffeta and peach taffeta, respectively, carrying round bouquets of carnations and chrysanthemums; bridesmaids, Miss Mildred Gorton and Miss Muriel Williams wearing identical gowns of blue and pink lace, with sequin calots and shoulder veils in pink and blue, with arm bouquets of carnations and chrysanthemums.

Miss Anne Gerard of Nanaimo was flower girl in a gown of yellow net-over taffeta with polka bonnet to match. She carried a basket of chrysanthemums.

Attending the groom was Tommy McKay, and ushers were Sidney Watson, Fred Ranson and Donald Forrest.

A reception followed the ceremony at Uplands Golf Club, where mothers of the couple assisted in welcoming guests. C. F. Banfield proposed the toast.

The young couple left for Portland, Ore., the bride wearing a grey gabardine suit, sealskin coat with squirrel trim and black accessories. Mr. and Mrs. McCaghey will return to Victoria to make their home.

Red Cross Notes

Gorge Unit—Annual Christmas bazaar will be held by the Gorge Unit Wednesday at St. Martin's-in-the-Field Church Hall, Obed Avenue, from 2 to 5. Maj.-Gen. G. R. Pearkes will officially open the affair. Tea will be served.

U.B.C. Head To Open Boys' Parliament

Dr. Norman A. M. MacKenzie, president of the University of British Columbia, will act as lieutenant-governor at the 16th session of the Older Boys' Parliament to be held in the Parliament

Buildings in Victoria from Dec. 27 to 30.

Premier-elect for this season is Archie Macaulay, a student of Bain's.

Three U.B.C. students hold cabinet positions: Oliver Howard, Richmond, first-year student of theology, deputy premier; David Rae, Vancouver, fourth-year commerce student, minister of fi-

nance, and Bob Thurston, first-year artsman from Port Moody, minister of intellectual affairs.

Sixty members are elected to the Parliament representing all youth organizations of the province. No member must be over 21 years of age.

Among the problems to be discussed at this session are finance and youth promotions.

Santa's MOVING

(In This Case We Mean Speed)

As Santa Claus moves quickly to all parts of the world and is happily received wherever he goes—so it is with those who we have assisted in MOVING. Our men are quick, yet very careful. Also they are a courteous and happy lot, and, like Santa Claus, leave a cheerful smile with the customers they serve.

The next time you are in need of a Household Removal Service—call us. We will handle everything for you—packing, crating, moving or storage. We have 21 trucks at your service, from 1/2-ton to 15 tons.

Whether its a small delivery order or your entire household furniture to be removed in the city, up-island, Vancouver, England, China or South America, we are at your service.

'Vacuum Cleaner' Speeds Cranberry Picking

At left, above, workers are shown picking cranberries the conventional way, crawling across a field, harvesting about 100 pounds an hour. This picture is expected to be changed by the perfection of the mechanical picker above, shown being tested at Hanson, Mass., by Antonio Lenari. Cranberry Packers, Inc., engineer. The picker works like a huge vacuum cleaner, sucking the berries off the vines, through the broad hose, into the huge container, which is rubber lined to prevent bruising. The machine was developed by growers working in collaboration with the U.S. Rubber Co.

Gallup Poll

Pensions At Age Of 60 Or 65, Say 80 Per Cent Of Canadians

By Canadian Institute of Public Opinion

TORONTO—Two in every five adult Canadians would have old-age pensions apply at 60 years. Another two in every five say at 65 years. Over one-third would abolish the means test.

KEEP REGULAR NATURALLY

CONSTIPATED???

YOU NEED MORE LIVER BILE

Science says two pints daily, yet many get only one. Liver bile helps digest your food and provides your body's natural laxative. Lack of bile causes constipation, indigestion, loss of energy. For glowing health tone up your liver and get roused bile with proven Fruit-A-Tives, Canada's largest selling liver tablets. Made from fruits and herbs.

FRUIT-A-TIVES LIVER TABLETS

These are highlights of public attitudes today on old-age pension provisions, as revealed by a representative sample of Canadians of voting age surveyed by the latest Gallup Poll.

Earlier this week the institute reported evidence that the public favors higher old-age pension rates. The latest Gallup Poll asked:

"At what age do you think old-age pensions should start?"

The bulk of replies are about evenly divided as between 60 years and 65 years.

The laboring-class voters and younger people tend to suggest the age of 60 rather than 65 in greater proportion than the business group and the people over 50 years of age. Large city dwellers favor the 60-year age slightly, while farm voters lean more to the 65-year limit.

The much-disputed issue of the means test for admission to old-age pensions receives only a slight majority approval among adult Canadians.

Following the above question in the latest survey, Gallup Poll reporters asked:

"Would you favor granting old-age pensions to everyone who reaches that age, or only to those who have no other means of support?"

The national voice on the issue is:

Pensions for Everyone 54%
Only those with no means of support 38%
Qualified answers 6%
Undecided 2%

Strongest measure of support for the idea of automatic retirement pensions for everyone is expressed by members of labor unions and by adherents of the C.C.F. Party.

(World Copyright Reserved).

Radio Personalities

"Musical score composed and conducted by Bernard Herrmann," is a by-line long—since familiar to radio and movie audiences. Add to that an impressive list of symphonic works that have had widespread hearings in the foremost concert halls and you have a fair idea of Bernard Herrmann as a composer.

A high spot in Herrmann's composing career was the debut of his ambitious cantata for chorus and orchestra, based on Melville's "Moby Dick," which the New York Philharmonic-Symphony premiered six years ago. His symphony, violin concerto, several suites and other orchestral works have been performed by some of America's foremost symphonic groups as well as in England. At present he is hard at work on an opera based on "Wuthering Heights."

His informal conduct quickly makes him "Benny" to his associates. He looks not unlike an exuberant and somewhat mischievous boy. The pungent wit with which he guides his performers in rehearsal is legendary.

His wife, Lucille Fletcher, well known as the author of "My Client Curly" and many other outstanding scripts and short stories, has worked with her husband on occasional programs but hasn't made a practice of it. How-

"SALADA" TEA BAGS

So handy

Texas he was given a lift by a loud-talking rancher. During the ride Delmar often attempted but never got one word in edgewise. He never forgot the fellow.

Years later, while in a comedy show he used his traveling companion as the basis for a long-winded character—"Dynamite Gus." Finally, when he joined the Fred Allen cast the character was developed into "Senator Claghorn."

Recently he completed a movie, "It's a Joke, Son," and is back in New York for his radio work.

Dave Willock, who plays

nephew Tugwell on the "Jack Carson Show," is an expert at carving model ships. Currently at his Hollywood home he is fashioning a 31-inch model of the famed Mississippi River boat, Robert E. Lee. Dave carved a handsome full-rigged ship model last year which a friend bought for \$1,500. He spends three months on each job.

WHO SAYS YOU CAN'T ?

Can't save? But you did, all through the war, with your purchases of Victory Bonds.

So that takes care of any doubts you may have had about being able to set up a saving plan, and stick to it. Now the trick is to find a substitute for that win-the-war incentive

which made you buy more bonds than you ever thought you could. And it has to be a reason so compelling that you'll say "No" without a tremor whenever you are tempted to spend money you shouldn't.

What more compelling reason could you ask than you, your family, and all your secret hopes and plans?

After all, the most important part of your earnings is what you save for yourself and your own purposes. Even though you never touch your Victory Bonds or other savings, the mere fact that they are there makes all the difference. You are less vulnerable to unforeseen setbacks—better able to do something about it if opportunity comes along. You enjoy greater peace of mind.

These are satisfactions you can't measure in dollars and cents. But dollars and cents—deposited regularly in your Royal Bank Savings Account—can give them to you.

Next time you're going over your personal budget, ask yourself: "Am I getting my share of my income?"

**Kenney Announces Full Details
Of Greater Victoria Water Probe**

Terms for the inquiry to be conducted by Dr. E. A. Cleveland, chief commissioner, Greater Vancouver Water District, into the water situation of Greater Victoria, the Saanich Peninsula, Sooke and Metchosin, were released today by Lands and Forests Minister E. T. Kenney.

The formal terms are as follows:

It seems desirable that in your examination and review of the area and its requirements you should determine:

1. Whether the water supplies now in use by the city of Victoria are at present developed or may be developed to a capacity considered reasonably adequate for the whole southeastern part of Vancouver Island, including North Saanich, Esquimalt, Sooke and Metchosin areas and if additional water resources are required for anticipated future growth what streams, lakes or watersheds should be made available and to what extent. In the latter connection, if it is considered necessary you may arrange with the water branch of the Lands Department for the services of such field forces as may be requisite to carry out the necessary preliminary surveys upon which to arrive at a determination of the question.

2. Whether such existing or additional resources are or will be adequate for a sprinkling system of irrigation for the Saanich Peninsula at a cost which the consumer can reasonably be expected to pay.

3. If additional pipes or other structures or facilities are required to extend or enlarge the city of Victoria's system to supply the area in question an estimate of the immediate or early requirements to compass the next necessary stage of development and a forecast of the further general requirements looking to a period much farther ahead.

4. Whether the program deemed necessary and desirable may best be carried out by the city of Victoria, and water for the municipalities and adjacent unincorporated areas be sold to them by the city under appropriate authority and agreements or whether a water district should be created to purchase the city's system and to build up and administer a metropolitan project.

5. If a water district is considered advisable, you should confer with the authorities of the city of Victoria and the other anticipated constituent members

army division, and Sqdn. Ldr. A. W. Mitchell, A.F.C., air force division. Major H. B. Bell acts as public relations director and is campaign director.

One of the major objectives in this campaign is to raise sufficient funds for the completion of the new citadel, the first sod of which was turned last week by Lieutenant-Governor Banks at the dedication ceremony last week. This is in addition to the urgent need for funds to carry on the Salvation Army's work in Victoria which fills such an important place and is in ever-increasing demand.

of the proposed district to determine preliminarily:

(a) What constitutes the water supply system of the city—for this purpose. What is its value and in what manner payment should be made to the city for its transfer to the water district.

(b) What part, if any, of the distribution system of the city and of the presently-installed distribution systems of the other areas should be included and the compensation to be made therefor.

(c) How the rate or rates for water supplies are to be arrived at, and

(d) Generally such other relative information and recommendations as will enable the government and the municipal authorities and others interested to take the appropriate steps to provide, if approved, for the district form of ownership and administration.

6. Whether it is desirable and economically feasible that the waters of Elk Lake in the municipality of Saanich should be utilized to meet the immediate needs of the municipalized and unorganized areas of the Saanich peninsula to the north of said lake, and

7. Such other information, suggestions or recommendations as may be appropriate to the solution of the whole problem.

This One Still Legal?

This picture demonstrates the semi-clutch or half Nelson defenceman Jimmy Thomson of Toronto Leafs uses on Cal Gardner of New York Rangers in a recent National Hockey League game. President Clarence Campbell's directive to referees last week barred the use of a full Nelson or hammerlock also the anvil-bounce against the end boards.

College-Legion Win

St. Louis College Bobcats and Legion Bears came out on top in the seven-man American football doubleheader at Central Park Sunday afternoon as they turned in convincing wins over the J.B.A.A. and Royal Canadian Navy teams before a large crowd of football enthusiasts. St. Louis captured the opener 19 to 13 and Legion the second game 32 to 18.

Bobcats pushed over a touchdown in the first four minutes of the game against the Bays, O'Brien going over for the tally. Neither team could score during the remainder of the first half with the Collegians holding any territorial edge that could be given.

Ransom made it 12 to 0 early in the third period when he tallied on a freak play. The conversion, French to Clarkson, was good for the extra point.

Half way through the last quarter, Bobcats scored again. O'Brien scoring his second touchdown. At this stage J.B.A.A. showed to their best advantage as they opened up with an aerial offensive that rocked the Collegians back on their heels. Rennie whipped a 20-yard pass to Kilshaw for one tally and two minutes later Dale faded back to the College 30-yard stripe and threw to Ballard who romped over for the score.

FIRST DEFEATS

In the second match of the day, Legion Bears led by a pair of slick backs, named McMillan and Robinson, literally ripped the heavy Navy wall to shreds as they handed the Sailors their first defeat of the season.

McMillan opened the scoring the first time the Legionnaires laid their hands on the ball as he romped to pay dirt on two 30-yard sprints. Shadforth ran for the extra point making it 7 to 0.

The Legion then marched 60 yards for their second tally with McMillan and Robinson carrying the ball on successive plays, McMillan going over again. The conversion failed. Brown tallied for the Navy just before the end of the half to make the count 13 to 6.

Showing power on every play the veterans made it 20 to 6 early in the third canto with McMillan once more ripping through the centre of the mid-dies' line for the tally. Wickett, speedy Navy back, who was bottled up most of the afternoon, brought the sailors to their feet seconds later when he ran the kickoff back 64 yards for a touchdown. Navy added another a few minutes later when Allan streaked over for the score.

Two recovered fumbles late in the final quarter were turned into major scores by the alert Legion gridders and they marched off the field in the gathering darkness with a well-deserved triumph.

Druce Nets 4 Goals In Esquimalt Victory

Hopes of the Victoria West to cinch first-half honors in the Victoria and District Football League were squashed yesterday afternoon, when the greenshirts dropped their final match of the round, to Esquimalt, 5 to 2. It was the first defeat suffered by the Wests in the league and left them tied for first place with Canadian Legion.

Last meeting of the Wests and Legion, which ended in a draw, has been protested by the latter with the league executive having given no decision. Regardless of whether a playoff is ordered the Wests and Legion will still have to play off for first-half honors.

Wests took the field without the services of Joe Travis and Earle Barnswell who drew one game suspensions for their part in the fight which marked the club's last engagement with the Legion. Joe and Glenn Robbins of the Legion drew like sentences.

Tommy Druce, hustling centre-forward of the United, was the big noise in the Esquimalt victory with four goals. Clubs were deadlocked 1 to 1 at the end of the first half.

Wests moved into a 1 to 0 lead after 20 minutes with centre-forward Gent picking the far corner with a ground shot from well out. Esquimalt settled down and were successful in tying the score just before halftime.

Druce found the net with a header following a corner kick. **SECOND HALF** Second half was 10 minutes old when Esquimalt moved into the lead, Druce driving a first timer past Clarkson in the Wests' net, following a cross from the right wing by Jenkins.

Continuing the pressure Esquimalt made it 3 to 1 as Hodder drove into an empty goal when Clarkson failed to punch clear a high ball into his goal mouth. Wests rallied and managed to cut the deficit to a single goal, Gent finding the net for his second counter.

Esquimalt made victory safe when Druce converted a penalty awarded after halfback Cooper had pulled Shubrooke down. Just before the final whistle Druce added his fourth counter during a scramble in the Wests' goal.

Seek To Reorganize Island Badminton Efforts to revive the Lower Island Badminton Association will be made at a meeting tomorrow night in room 412, Sealand Building, starting at 8.

All badminton clubs interested are asked to have delegates present. The lower island group has been dormant since shortly after war started.

Schmeling Declared Free Of Nazi Taint

HAMBURG, Germany (Reuter)—Max Schmeling, former world heavyweight boxing champion, has been declared "free of Nazi taint" by a Hamburg de-nazification court, the British-controlled German News Service reported today.

Schmeling has already acquired a professional boxer's license, and has played in goal for a Hamburg soccer team.

Toronto Argos-Winnipeg Will Clash For Canadian Grid Title

TORONTO (CP)—For a second straight year, Toronto Argonauts today rose heads above the east's football horde—and if there are those who deny the greatness of this team compared with other standard-bearers of eastern Canada, none will argue the worth of three men at least. Argos will meet Winnipeg Blue Bombers in the Canadian final for the Grey Cup. The Dominion champions came from behind Saturday to mow down Balmy Beach 22 to 12, and these three wrote headlines for the hoarse crowd of some 20,000.

Joe Krol, triple threat; Royal Copeland, husky speedster; Ted Morris, field general. Krol, whom they call the king of football, rebounded from an early hurt that he refused to let put him on the sidelines to play 60 minutes in which he did almost everything right.

Copeland, the collar-kid from North Bay, Ont., rose from goat to hero as he made up for dropping two paydirt passes by scoring a pair of touchdowns—one brilliantly lifting Argos back into a 12 to 12 tie when they appeared on the way out.

Besides Copeland, bruising Byron Karrys figured in Argonaut payoff plays for one touchdown while Krol, with a third quarter placement, a rouge and converts of all three majors accounted for the others.

For the Beach, big Johnny Lake capped some bone-crushing plunging by bucking for a touchdown. The other was scored by speedy Bob Cunningham after a drive on which the Beaches, mainly on Bobby Porter's passing arm, moved downfield from their own 34.

Colville Brothers Hockey Act Split

NEW HAVEN, Conn. (CP)—One of the best-known brother combinations in the National Hockey League—Neil and Mac Colville of New York Rangers—is being broken up.

Mac is being sent to New Haven Ramblers of the American Hockey League to take the place of Bill Junda, former Ranger, brought up in an effort to strengthen the last-place New York squad. Neil and Mac Colville, along with Alex Shibicky, formed one of the most potent lines in major league hockey for five years before they entered the Canadian armed forces in 1942.

Softballers Organize New Associations

Adjourned meeting of the British Columbia Softball Association at Nanaimo Sunday saw permission granted for the organization of island and mainland associations, both to be affiliated with the provincial organization. It was decided that no officer in either of the new groups could hold office on the executive of the B.C. or parent body.

The session attended by delegates from the island and mainland saw many contentious points straightened out and at the close all were of the opinion decisions had been made which cleared the air for all concerned.

Wally Yeamans of Victoria, B.C. president, was in the chair.

Talk Expansion Plans For Juvenile Soccer

Members of the B.C. juvenile soccer commission of Vancouver met with local officials here Saturday night and plans for expansion were discussed.

At the proposal of the Vancouver delegates, Victoria will endeavor to obtain the services of a coach to give special training to the teams. It was announced that films and manuals may be obtained from England to assist in the training.

A red shield concert party will be sponsored by the Lower Island Junior and Juvenile Football Association at Spencer's auditorium, Arcade Building, on Dec. 3 at 8, with the proceeds going to the association.

RETAIN GOLF BROOCH

Mrs. M. Todd-Finney and Mrs. J. H. Todd of the Victoria Golf Club successfully defended the E. D. Todd Ladies' Brooch by defeating Mrs. A. Dowell and Mrs. E. Jackson of the Uplands Golf Club 2 and 1 on Sunday afternoon.

Illinois-U.C.L.A. Cinch Opponents In Rose Bowl Clash

NEW YORK (AP)—Illinois and University of California at Los Angeles won conference titles Saturday in the feature games on United States college football gridirons and became the likely participants in the Rose Bowl Jan. 1 under the "closed-shop" agreement reached earlier last week by the Big Nine and Pacific Coast Conferences.

Illinois, one of two western conference schools that voted against the tie-up, snared its first loop title since 1928 by lashing crippled Northwestern 20 to 0 while U.C.L.A. proved the superior mudder in downing Southern California 13 to 6, before 93,714 fans.

Michigan crushed Ohio State 56 to 6 and took second place in the Big Nine.

Georgia and Georgia Tech, each a contender for the south-east circuit flag, loafed to easy victories over minor opposition in preparation for their own meeting next week. Georgia smeared Chattanooga 48 to 27 with the losers getting 20 points in the final quarter. Georgia Tech mastered Furman, 41 to 7. Mississippi State, another bowl prospect, also kept in the headlines by downing Mississippi 20 to 7.

Notre Dame invaded the deep south and showed 70,000 fans and the Tulane players an almost perfect brand of football in winning 41 to 0.

Stanford walloped California 25 to 6, Oregon State downed Oregon 13 to 0, and Washington blanked Montana, 21 to 0.

Rangers Score Double Victory To Highlight N.H.L. Battles

Week-end results in the National Hockey League baffled most sports observers, the five games producing some remarkable topsy-turvy exhibitions, but the standing today looked faintly familiar.

Toronto Maple Leafs were still on top, two points ahead of Montreal Canadiens. Detroit had vaulted into third place, another point behind, and Boston held fourth—only four points from the top.

The big surprise of the week-end were the New York Rangers.

After eight straight games in which the best they could do was eke out one tie, the Gothamites scored a grand slam to vault into fifth place, three points ahead of Chicago Black Hawks who now occupy Rangers' customary spot in the cellar.

Apart from Rangers' great showing the intriguing feature was the manner in which teams beaten Saturday came back to win Sunday. Toronto absorbed a 4 to 2 shellacking from Detroit on Saturday night, then went to Detroit Sunday to whitewash Wings' 5 to 0. Montreal, beaten 3 to 2 by Rangers Saturday, took it out on Bruins at Boston last night by a 4 to 2 count. And Rangers went on to Chicago to wallop Hawks 5 to 1 for their first win in three starts against Chicago.

RAYNER STARS

With Chuck Rayner playing a grand game in goal and the team checking like leeches and skating every bit as fast as Canadiens, New York couldn't be shaken off.

At Toronto Saturday Wings constantly had the initiative and Toronto couldn't get the tying marker. And less than three minutes from the finish Ted Lindsay scored Detroit's fourth. In the Sunday switch-over to

Hockey Standings

	W.	L.	T.	F.	A.	P.
Toronto	8	3	3	44	34	19
Canadiens	7	5	3	44	37	17
Detroit	7	8	2	57	65	16
Boston	5	4	5	41	34	15
Rangers	5	9	2	32	53	12
Chicago	4	7	1	42	47	9

WEEK-END SCORES

Detroit 4, Toronto 2.
Toronto 5, Detroit 0.
Rangers 3, Canadiens 2.
Canadiens 4, Boston 2.

Detroit, Leafs didn't seem the same team at all. Goaltie Turk Broda recorded the first shutout the Wings have suffered since last February.

Bill Durnan also came up with brilliant goaltending as Canadiens beat Bruins. The Kitcheners line whipped in two fast goals to tie the count after Richard and Reary had got Canadiens away in the lead, but that was the end for Boston.

At Chicago last night, Red Hamill's goal off Kaleta and Smith was the only one that got past Rayner.

BAYS PRACTICE

J.B.A.A. senior and intermediate rugby fifteens will work out at Macdonald Park tonight at 7.30.

Dominoes Outplayed In Loss To Veteran Alpine Quintette

Alpine Dairy, powerful Seattle cage five, proved to local fans Saturday night at the High School they still are the top independent team of the Pacific Northwest, as they trounced the Dominoes 46 to 38 before a packed house.

With Norm Baker back in uniform and Art Chapman, Peden and Andrews over from Vancouver for the tilt, Dominoes had no excuse for their defeat, as they turned in a ragged exhibition of passing and shooting, and were outplayed by the veteran Alpine quintette throughout most of the encounter.

Starting off rather slowly, the teams battled on even terms for the first period, with Alpine breaking a 10 to 10 tie with two quick baskets just before the whistle. Manager Dave Nicol had his big four of Baker, Andrews, Peden and Chapman and rookie Jim Lewis on the floor in the

second canto, and the move proved disastrous to the locals, as Alpines made every move a good one and left the floor at the intermission holding a 23 to 14 lead.

PLAY GETS ROUGH

Both teams started roughing each other early in the third period, and the Dominoes came to within three points of the visitors at 32 to 29 near the three-quarter mark. Alpines took over from there, and led by Bob Graf and Roy Williamson pulled away from the Canadian champions in the final 10 minutes, and went on to their eight-point triumph in a game that was becoming rougher by the minute.

Graf turned in a brilliant exhibition in the bucket position for the winners as he notched 15 points, and was a standout under both hoops in gaining all important rebounds. Williamson and Katica with 13 and 12 points were always dangerous.

Johnny Clarke, young Dominoe rookie, and Busker Jackson shared honors with playmaking Purky Andrews for the locals, Clarke was particularly effective under the backboards in snaring loose balls and turned in a smart game against the visitors.

St. Louis College proved too small and too light for the Tillamook in an intermediate B boys' game, and absorbed at 41 to 21 defeat at the hands of Gar Taylor's clubmen. Mathews with 16 points topped the winners' scoring parade.

Teams and scores follow:

Alpines—Graf 15, Williamson 12, Katica 13, Peden 12, Andrews 10, Nicol 8, Baker 7, Chapman 6, Lewis 5, Peden 4, Nicol 3, Baker 2, Chapman 1, Lewis 1, Peden 1, Nicol 1, Baker 1, Chapman 1, Lewis 1.

Ortello Stands At Stud In U.S.

NEW ORLEANS (AP)—The famed Italian race horse, Ortello, which Mussolini ordered kept in Italy, arrived here Friday aboard ship en route to a California stud farm.

Ortello has been bought by Royal Eastman of San Francisco and Richard Hamilton of Los Angeles for a reported price of \$90,000, from Commendatore Gallina of Turpin, Italy.

Three Hoop Games Scheduled Tonight

K.V.'s senior A hoopsters, who have dropped four tough games in the senior A cage league, will take the floor tonight determined to break into the win column at the expense of the Army, Navy and Air Force Vets in the feature of a three-game card at the Victoria High School at 9.

In other games Victoria College will meet the Army and Navy Vets in a senior C tilt at 8, preceded by a junior clash between Canadian Legion and St. Louis College at 7.

College Hoopers Lose To Varsity

VANCOUVER (CP)—The U.B.C. All-stars Saturday night proved too strong for the Victoria College squad in an intermediate A exhibition basketball game, finishing on the long end of a 51 to 28 score.

Doug Bell sparked the U.B.C. to victory with 10 points, while Hall with 11 and Cairnie with 10 topped the Victoria scorers.

Vancouver Drops Odd-Goal Hockey Battle To Seattle

Coach John Polich's climbing Los Angeles Monarchs took two games from the southern division's second place San Diego Skyhawks during the week-end in the Pacific Coast Hockey League. In a game at Hollywood, the Monarchs handed the Skyhawks a 4 to 2 defeat and then went on to win 5 to 3 in another contest in San Diego.

Both games were fast, rough affairs that had fans hopping in their seats. The double win for the Los Angeles aggregation put them in a strong position to replace San Diego as the number two team in the southern division.

New Westminster Royals dropped two games over the week-end. In Tacoma, the cellar-dwelling Tacoma Rockets downed the Royals 5 to 2 for their first win in 10 games. The northern division's second place Portland Eagles gave the Royals their second setback, defeating the New Westminster team by a 5 to 4 score.

Black-haired Bob Ballance, Seattle centre, went on a scoring spree as he poked in all four goals to lead the Seattle Ironmen to a 4 to 3 triumph over Vancouver Canucks. Vancouver goals were notched by Andy Clovechuk, with two, and Culley.

In San Francisco, Oakland swept to a 4 to 2 triumph over the San Francisco Shamrocks. The Oaks struck in each period, bulging the twine twice in the first, three times in the second, and once in the third. In Fresno, Hollywood Wolves hung a 4 to 0 lacing on the lowly Falcons.

Verley Scores Dodo

Members of the Uplands Golf Club competed in the first turkey competition of the season over the week-end, with some splendid scores being recorded. The highlight of the competition was the hole-in-one turned in by Gordon Verley in the 202-yard fourth.

The second turkey event will take place Sunday, Dec. 1, weather permitting.

M. Dunnett, with a net 64 secured first bird while H. G. Pretty, J. A. Sparks, L. A. Rees and G. G. Rennie tied for second place and will play off at a later date for the second bird.

G. K. Verley was the low gross winner with a 71. Others breaking par were A. Little, 67; W. Clayton, 68; E. I. Robinson, 68; J. Skellern, 68; H. C. Davies, 69; D. Johnston, and G. Whitehead, 69.

Tennessee Accepts Orange Bowl Offer

MIAMI, Fla. (AP)—The University of Tennessee today accepted a bid to play in the 1947 Orange Bowl football classic, R. D. Freeman, chairman of the committee arranging the New Year's Day event, announced here.

M.C.C.-Queensland In Likely Stalemate

BRISBANE, Australia (Reuter)—After Queensland gained a first-inning lead of 90 runs, the Marylebone Cricket Club's spin bowlers — Douglas Wright and Peter Smith — today dismissed half the Queensland side before stumps were drawn for 133 runs. Colin McCool, rising Australian spin bowler, silenced the Marylebone visitors by taking six wickets for 105 runs.

The match ends tomorrow. Scores to date: Queensland, first innings, all out 400; M.C.C., first innings, all out 310; Queensland, second innings, 133 for five wickets.

JUVENILE SOCCER

Results of juvenile soccer games Saturday follow:

Division 2—Oak Bay 5, Sea Cadets 1.

Division 3—Esquimalt 0, Empire Sawdust 7.

Division 5—St. Louis College 1, Eagles 4.

Results of exhibition games follow:

Heaney's 5, Fairbridge 5.

Balmoral Thistles 0, North Ward 1.

Plasters, such as plaster of Paris, can be made hard as marble and strong as stone with a newly-developed process.

Major Baseball Wants Trautman To Head Minors

NEW YORK (AP)—George Trautman, executive vice-president of Detroit Tigers, is being groomed by the major league farm systems to succeed William G. Bramham as head of the minor baseball leagues.

It may happen within the next two weeks if Bramham sees fit to retire at the winter meetings in Los Angeles or it may hang fire until the judge's five-year term expires in December, 1948.

In either case, the majors are determined to have a man of their choice at the helm of the minors.

First hint of the Trautman boom came from the Eastern League which named the Detroit executive as its choice for Bramham's \$25,000-a-year post if a retirement is forthcoming.

Considerable retirement pressure has been put on Bramham, re-elected in 1943 after a stormy session in New York, sometimes referred to as the "battle of the proxies." Although five of the nine operating leagues had been lined up behind Frank Shaughnessy, president of the International League, against Bramham, it was ruled that the non-

Britain To Seek Heavyweight Contender With Open Tourney

LONDON (AP)—Boxing promoter Jack Solomons has launched a new drive to strengthen Britain's challenge for the world heavyweight title held by Joe Louis.

Solomons told a press conference recently he hopes to lure some worthy contenders with £1,000 (\$4,000) as prizes in an open heavyweight contest starting Dec. 17.

With only one good heavyweight contender in hand, Empire champion Bruce Woodcock,

operating leagues were eligible to vote.

Solomons feels there must be some younger swatters in the United Kingdom who might be induced to come out for cold cash.

"There's such a difference between Woodcock and Freddie Mills (British light-heavyweight champion who sometimes fights above weight) that we must encourage youngsters who have learned the rudiments and need a chance to show their prowess," Solomons explained.

"I think that with sufficient money encouragement these boys will come forward and any one, if he wins or not, who shows enough promise will be placed

in the hands of a well-known trainer."

The talent hunt, reviving an old British custom that turned up "phantoms" Phil Scott, the "Swooning Swan of the Soho," and Jack London—both one-time British heavyweight kings, will be open only to novices who have never had a professional bout. Well-known amateurs will be ineligible.

They must be between 18 and 24 years old and weigh more than 182 pounds.

Rupture Troubles Ended

Thousands healed by our advanced method. No surgery. No electric shocks. No painful use of force. Free trial. Different from all others. Sufferers by hernia, varicose veins, hemorrhoids. Very light. INEXPENSIVE. Write for information and trial kit.

C.C.M.

LAMINATED HOCKEY STICKS

(PATENTED)

TOUGH BLADE

HICKORY WEDGE

LAMINATED HEEL

STIFF HANDLE

HOCKEY GAMES are seldom won by large margins—usually it's nip and tuck with photo finishes.

That is why the boys who score on most teams pack that extra "umph" with a C.C.M. Laminated Hockey Stick—it's "The Scorer's Stick". And C.C.M. were the originators of high grade laminated hockey sticks over 12 years ago and are still the best.

Here are some of the features which make the C.C.M. Laminated such a favorite:

THE BLADE Gets most of the rough play of hockey, is made from carefully selected and seasoned straight-grain, second growth rock elm which is noted for its tenacious fibrous structure and its ability to withstand shock and abuse.

THE HANDLE Made of tough, straight-grain ash or of laminated hardwoods, the handle of the C.C.M. Laminated Hockey Stick is made to stand up to the slugging, checking and shooting a stick gets in any hockey game.

LAMINATED HEEL This is where the C.C.M. gets its great strength and liveliness. The heel is a lamination of five layers of wood bonded permanently together with moistureproof glue. Two of these laminations are the dovetail of the blade, two are the dovetail of the handle and the four are further reinforced by C.C.M.'s patented construction with hickory wedge. At this point of lamination the ice-lays of the sticks are set and cannot change.

ICE-LAY Hockey players vary in size, height and in their method of stick handling and so—C.C.M. Laminated Hockey Sticks are made in a choice of ice-lays.

If you are going to play hockey this winter equip yourself with C.C.M. Laminated Hockey Sticks in the ice-lay that suits you best.

Acts AT ONCE to relieve

Night Cough SPASMS

When thousands of prescriptions for Pertussin have been filled by druggists to relieve such coughing—it must be good! Pertussin—a well-known herbal cough remedy—not only relieves your coughing spell, but also loosens and makes phlegm easier to raise. Safe and mighty effective for both old and young. Inexpensive!

PERTUSSIN

HOW TO RELIEVE PILE TORTURE QUICKLY AND EASILY

If you are troubled with itching piles or rectal soreness, do not delay treatment and run the risk of letting this condition become chronic. Any itching or soreness or painful passage of stool is nature's warning and proper treatment should be secured at once.

For this purpose get a package of Hem-Roid from any druggist and use as directed. This formula which is used internally is a small, easy to take tablet, will quickly relieve the itching and soreness and aid in healing the more tender spots. Hem-Roid is pleasant to use, is highly recommended and it seems to be highly effective for any one to risk a painful and chronic pile condition when such a fine remedy may be had at such a small cost.

If you try Hem-Roid and are not entirely pleased with the results, your druggist will gladly return your money.

SICK, FAULTY ELIMINATION?

N.R. a mild, all-vegetable laxative gives pleasing, effective relief. N.R. Tablets come plain or chocolate coated. For extra mild action, get Junior N.R. (one-third size and strength).

Start Transit Talks Tuesday; Try For December Vote

When the Greater Victoria transportation committee meets with representatives of the B.C. Electric Railway Company Tuesday morning to open negotiations for the establishment of satisfactory terms for the running of the unified transportation system, an intensive effort will be made to get the questions settled so that a vote can be put to the electorate of the four municipalities in December, Ald. H. M. Diggon, committee chairman, said today.

"If the vote is to be taken with the December elections in the city and municipalities all terms will have to be agreed to this week," Ald. Diggon pointed out, "because the notice to the electors must be advertised 10 days before the election."

At the same time W. C. Mainwaring, vice-president of the B.C. E.R., issued a statement promising that company representatives would spare no effort to co-operate with the committee in finalizing the issue as soon as possible.

He said that the company appreciates that Greater Victoria wishes a new and modern transportation system as soon as possible, which has been anticipated in the order already placed for new buses. Delivery has been promised by 1947.

Mr. Mainwaring also promised that the company was prepared to concede to Greater Victoria everything that Vancouver has obtained in its recently-negotiated agreement with the B.C.E.R.

J. P. Roberts of Vancouver will address the Victoria Real Estate Board luncheon at the Empress Hotel Wednesday on "Ottawa Conference and Future of Canadian Association of Real Estate Boards."

Dean Defends Police On Harsh Treatment Rumors

In his Sunday morning sermon at Christ Church Cathedral, Dean Spencer Elliott defended Victoria police authorities against criticism which, he said, was being leveled at them on welfare conditions for prisoners at the city jail.

"It is a false story that is going around about a woman being dragged from a hospital bed and thrust into a narrow cell and locked in by herself," he said.

The Dean said he had visited the woman in jail and observed the conditions under which she was being held in custody. He found she was being cared for in a spacious room with a matron in attendance.

"Nobody could be more considerate than our police and detective officers who are kind-hearted men," said the Dean.

Nevertheless, the rapid sequence of terribly tragic happenings in Greater Victoria "must cause us to think furiously and to ask whether there is not something sadly wrong in our community life" the dean said in a 40-minute sermon.

"We would do well to be uneasy about the conditions in which some of our people live, and when the civic elections are coming, on the least we can do is to make careful inquiries, to discover whether our City Welfare officials are receiving adequate support and whether their operations reach far enough to prevent such 'wretchedness' as exists.

'TOO MUCH COMMERCIALIZED'
"Even the Community Chest may defeat its own object if it leads citizens to suppose that they need take no further interest in their neighbors when once they have given an annual subscription and have paid the salaries and office expenses of those whose business it is to see that nobody suffers through extreme poverty," the Dean continued.

He suggested that the public was becoming too much commercialized.

Colorful Scotsman, Donald Cameron, Dies At Age Of 79

DONALD CAMERON

In the ranks of Victoria Scotsmen today there is mourning over the loss of one of their most colorful figures, Donald Cameron, aged 79, who passed away at his Cordova Bay home Sunday.

A bagpipe skirl of high merit, the late Mr. Cameron was born in Fort William, Scotland, and was a resident of the city for 37 years, 35 of those years being spent as an employee of the Victoria School Board. He retired last year.

Surviving are his widow, Emily, at Cordova Bay, one brother in Scotland, a sister in Toronto and a host of friends. He was Pipe-major of the Second Battalion, The Canadian Scottish Regiment, during the First Great War, was a member of United Services Lodge No. 24, A.F. & A.M., a past-patron of Victoria Chapter No. 17, O.E.S., a member of the Shrine Gizeh Temple and the Preceptory Chapter, Victoria, also connected with the A.O.F. and Loyal Orange Lodge No. 1610.

Funeral service will be held at McCall's Bros. Floral Chapel Tuesday afternoon at 2, Rev. T. H. McAllister officiating, interment at Colwood Burial Park.

Thieves Get \$70

Thieves who broke into the B.C. Roofers and Agencies, 715 View Street, over the weekend stole \$70 in cash and a \$54 cheque, city detectives reported today. Investigators found a side door of the premises open.

Nothing was believed stolen from the Yates Street Auto Sales which was discovered broken into through a rear window shortly after midnight Sunday.

A watch valued at \$60 was reported stolen from an apartment occupied by Mrs. B. Redford in the Belmont Hotel, 1109 Douglas Street, Sunday afternoon.

An attempt to break into a house at 519 Craigflower Road through the back door failed. Discovery of the attempted burglary was made by H. Seablon Sunday morning.

Mrs. J. McHardy Dies

A resident of Victoria for over 50 years, Mrs. Jane McHardy, 87, 3400 Upper Terrace Road, relict of the late John McHardy who founded the Pacific Salvage Company, passed away in Victoria Sunday.

Born in the county of Durham, Northumberland, Eng., in 1859, Mrs. McHardy came to Ontario with her family at an early age and in 1889 moved to Vancouver. Mr. McHardy died March 8, 1938. Surviving is a daughter, Mrs. E. Frank Burton, and a grandson, E. Frank Burton, Jr. Funeral service will be held at 3 Tuesday afternoon at Haywards, interment at Royal Oak.

Infractions of minor traffic regulations brought \$102.50 in fines to city police court today. Twenty-two persons paid this amount in \$2.50, \$5 and \$10 lots.

Adjutant-General Pays Brief Visit

Maj.-Gen. E. G. Weeks, C.B., C.B.R., M.C., M.M., adjutant-general for the Canadian Army, paid a brief visit to Victoria Sunday when he met officers concerned with formation of the new Reserve Army.

While here, Gen. Weeks had luncheon with Brig. E. C. Plow, C.B.E., D.S.O., officer commanding M.D. 11, and officers of Work Point barracks.

The adjutant-general left the same day and is now visiting other military centres, en route to Ottawa.

Special Airmail Service Given Magazine Subscriptions For Time, Life and Fortune

Upon being appointed direct subscription agent in Victoria and on Vancouver Island for Time Incorporated, Chicago, Ill., publishers of Time, Life, Fortune and the Architectural Forum Magazines, Lovick's News Agency has announced a special daily airmail service. All Christmas subscriptions for these well-known magazines will be airmailed direct to Chicago the day they are received.

Stan Wright, manager of Lov-

ick's, stated that orders sent in by December 1 would be serviced with the Christmas issues. Now that more paper is available Time Incorporated is able to print sufficient copies to enable them to make deliveries of first copies much faster than formerly. Better service is also assured by the fact that experienced subscription clerks are back on the job and by the encouraging news that publishers are now able to replace worn-out equipment. Order your Christmas subscriptions of Time, Life, Fortune and Architectural Forum from your magazine dealer today and ask him to place them with Lovick's News Agency, so that your subscription will receive this special daily airmail service direct to Chicago.

NEWFOUNDLAND: Again a Crossroads

The first successful trans-Atlantic flights were made from Harbour Grace, Newfoundland, in 1919. Eighteen years earlier Marconi had received the first trans-Atlantic wireless message on a hill outside St. John's.

Thus the oldest colony in Great Britain's empire heralded two major developments of the modern era. The Second World War brought a complete realization of Newfoundland's strategic importance as the closest point to Europe in the western hemisphere, and today the massive, rocky island in the Gulf of St. Lawrence is becoming a veritable Gibraltar of the air age.

Passenger planes, seven hours

CUT DOWN ON TAKING LAXATIVES THIS WAY

See How Regular You Can Be Every Morning

Try taking Carter's Pills this way: Start with 3 and set a definite time every morning. When you get regular every morning cut down to 2. After a few days, try 1. Then try taking Carter's every other day. You may even find you can keep regular without any laxative. You see, Carter's are so tiny you can cut down the dose—from 3 to 1—to fit the needs of your individual system. Without disappointment. Carter's help clean out your intestinal tract not halfway, but thoroughly. They are doubly effective because made with two vegetable herbs compounded properly for thorough, easy action. Thousands can cut down on laxative doing this Carter way. Ask for Carter's Pills by name to get the genuine at any drugstore—35¢, 70¢, \$1.00. Start the Carter graduated dose method tonight, and jump out of bed tomorrow rarin' to go.

out of New York, descend on the big Gander airport for their last landing before crossing the sea. At Gander they are already one-third of the way to London. Newfoundland, as an air crossroads, is the North American doorway to half a dozen European capitals.

Its military significance was shown by the speed with which the United States secured 99-year leases in 1941 to important wilderness sites. Harmon Field, near Stephenville; Placentia, Argentina and Gander became invaluable bases for the U.S. armed services. It was in Placentia Bay that President Roosevelt met Prime Minister Churchill to draw up the Atlantic Charter.

Though Newfoundland—larger in size than Ireland—has a climate that is considerably warmer and sunnier than most people would guess, its new significance is based on the same circumstances that brought the Norsemen to its shores in the 10th Century and New World explorers from Portugal, France and Britain in the 15th and 16th centuries. They soon found it the key to North America as well as the closest point to Europe.

One factor that lured the early

navigators, which doesn't signify in air-age strategy, was the abundance of fish on the broad, shallow Grand Bank. Fish from Newfoundland helped feed Europe in the Middle Ages, and still does.

When Britain and France battled for North America in the 18th century, they fought longest over Newfoundland's forts and fish. France lost, but she retained fishing rights and also the tiny satellite islands of St. Pierre and Miquelon.

LOST ITS IMPORTANCE

After the time of exploration and conquest, Newfoundland quickly lost its strategic importance. Trans-Atlantic steamer routes parted before the jutting wedge of barren rocks. One line sheered south to the United States, another entered the St. Lawrence. Few ships had reason to stop.

Though a railway was opened in 1898 and paper mills and mining industries appeared to augment the offshore fisheries, Newfoundland long remained a neglected outpost of civilization—and a sportsmen's paradise. In 1933 Newfoundland was broke. Her 275,000 inhabitants relinquished their dominion status to

revert to the condition of a British Crown colony.

However, boosters are beginning to see signs of substantial economic development, in mines, forests and manufacturing, that may balance at last the activity of Newfoundland's sea and air spaces.

The war brought a taste of prosperity, which the island's inhabitants hope to make permanent.

Labor Conference Asks City Take Over Victoria Transit

The Vancouver Island Joint Labor Conference Sunday night decided to send a letter to the City Council urging the city to take over transportation services in Victoria.

The conference reported a lively discussion had followed the introduction of a news report concerning the present status of the transportation system in Victoria.

G. A. Wilkinson, delegate from the Victoria and District Trades and Labor Council, said some months ago his organization had requested a special meeting of the City Council to deal with the transportation issue. At that meeting, he said, a comprehensive brief was presented giving the Victoria and District Trades and

Labor Council's viewpoint on transportation here.

A further letter will be sent to the council protesting the statement made by an official of the B.C. Electric Railway Co. Ltd., that the company has special privileges granted under a charter issued in 1894.

Ben Sead and John Winscott were seated as alternate delegates for the International Woodworkers of America, Local 1-118. V. J. Baines, reporting for Local 201, International Typographical Union, said the Vancouver Daily Province was still being produced by strikebreakers. He urged all organized labor to continue support of I.T.U.

M. Burgoyne, representing the Victoria Shipyard Workers' Federal Union No. 238, said that organization had fully supported the five-day week for retail stores. This union had already supported the I.T.U. by informing newsstands here the Province was still being produced by strikebreakers.

Next regular meeting of the conference will be held Jan. 5.

Timber Pierces Car, But Three Escape

Three occupants of this car narrowly escaped injury or death when a four-by-four timber forming part of a guardrail pierced the auto from end to end as shown. Freak accident occurred near Summerville, Ont., when car crashed a guardrail.

The DOCTOR Says:

THE BODY AUTOMATICALLY HEALS FRACTURES
By WILLIAM A. O'BRIEN, M.D.

The healing of a broken (fractured) bone is largely a local affair which goes on independently of the general body condition. The rapidity of the healing varies with the type of fracture, the age of the patient, and the presence or absence of complications.

Immediately after a bone is broken, the tissues in the immediate vicinity are in a state of "shock." The patient complains of numbness but of no actual pain; he may attempt to use the injured extremity or someone else may injure it further by moving him before a splint has been applied.

As sensation returns to the injured area, the pain causes spasm in the surrounding muscles, which may pull the pieces of bone out of place unless a splint has been applied.

HEALING BEGINS QUICKLY

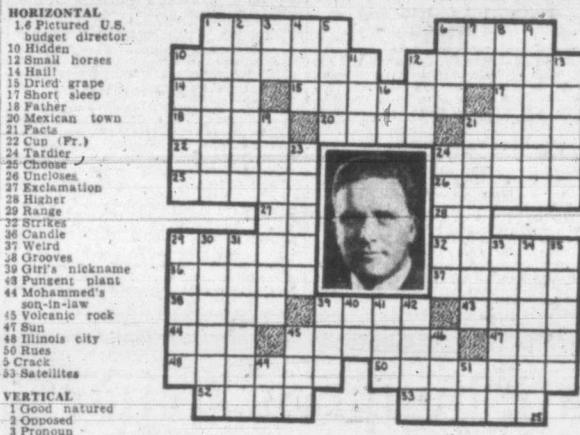

Within a few hours, healing starts in the large blood clot which forms between the broken ends. Hemorrhage and inflammation also develop in the muscles in the injured region.

If the bones are held in a good position, the clot is gradually replaced by scar-tissue cells which are brought in by blood vessels from the surrounding

STEAMBOATS ON LAKE TITICACA "RIDE ABOVE THE CLOUDS"

Only two countries in South America are without any sea coast. These are Bolivia and Paraguay, and both of them contain more Indians than white men. They are neighbor lands, but they have been far from friendly toward each other. During the present century—1932 to 1935—there was bitter warfare between them.

Bolivia is the larger of the two countries. It has about two and a half times as much land and three times as many people as Paraguay.

Yet Bolivia is thinly settled. It has hardly nine persons to the square mile. The western part of Bolivia contains many high mountains, and the eastern part is made up largely of jungles. In the jungles live thousands of monkeys, along with tapirs, armadillos, pumas and jaguars. In the swamps and streams live alligators of great size. Birds with bright-colored feathers fly amid the forest trees. Those forests contain mahogany and rosewood trees, as well as many other kinds.

In the lower parts of Bolivia, people raise bananas, coffee and cocoa, but the plateau of which most of the population.

Lake Titicaca, at one side of the plateau, is the largest lake in South America. It is 138 miles long, and has more than one-third the area of Lake Erie. In some parts this lake is from 500 to 700 feet deep.

The size of Lake Titicaca is hardly the thing which makes it

famous. The height is more important. The surface is about two and a half miles above sea level.

It may seem strange to speak of steamboats as "riding on water above the clouds," but something like that happens on Lake Titicaca. There are steamboats on the lake, and they travel at a higher level than many clouds sail through the sky. They also travel at higher levels than most airplanes.

A person standing 20 miles from Lake Titicaca may see cumulus clouds at a much lower level than the steamers on the lake surface. Such clouds often float at heights of only one or two miles. Feathery cirrus clouds, on the other hand, usually appear at heights of from four to eight miles.

(For travel section of your scrapbook.)

College Players Will Present Three Plays

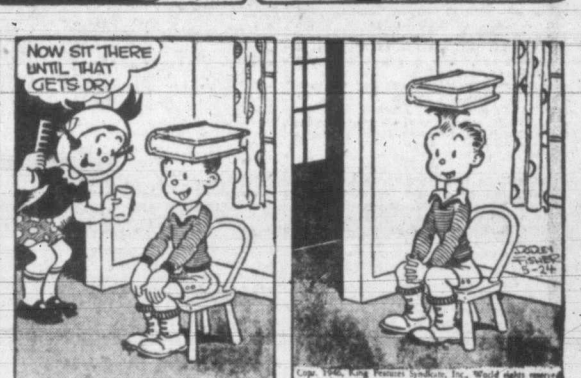

The Victoria College Players' Club has announced its proposed dramatic presentations for this season. After a lapse of a year the club will be revived with three plays. The plays are: "Eve for Evelyn," a comedy, by Glenn Hughes; "He Ain't Done Right By Nell," a melodrama, by Wilbur Braun, and "The Man of Destiny," by George Bernard Shaw.

The club hopes to present these plays early in February in the auditorium of the College Normal School building if the proposed extensions to the stage can be completed in time. Prof. R. J. Bishop, club director, will supervise the direction of the plays. Student directors will be appointed by members of the casts. Castings were held last week from some 40 club members.

The cast for "Eve for Evelyn" will be: Evelyn, Sheila Boyd; Roger, Clifton Colpitts; Sam Briggs, Patrick Hamilton; Mr. Price, Arthur McCoy, and Mrs. Price, Marion Chapman.

The cast of "He Ain't Done Right By Nell" will be: Nell, Patricia Codville; Vera, Betty Petch; Hilton, Robert Richardson; Granny, Marilyn Berry; Lolly, Pat Henderson; Jack Logan, John Redford, and Mr. Carleton, Richard Davenport.

In the "Man of Destiny" the cast will be: Napoleon, Ron Wilson; Giuseppe, Malcolm MacDonald; the lady, Marguerite Hurst and the lieutenant, Richard Parsons.

New Year's Day

Quiet In Egypt

CAIRO (CP) — Government offices and schools were closed in Cairo today to celebrate the Moslem New Year's Day. Further anti-government and anti-British demonstrations by students of Fu I I University during the week-end were not expected in view of the occasion.

Reports today said the government might close down indefinitely the university where the riots originated Saturday. Thousands of students protesting against continued occupation of Egypt by British troops, shouted: "Down with (Premier Ismail) Sidky Pasha and (British Foreign Secretary) Bevin."

Four students were injured and a policeman killed Sunday.

Up-Island Highway

Break Mended, But Road In Bad Shape

While the portion of the Island Highway near Nanossee, north of Nanaimo, which was washed out late last week, was passable today, "it is in very bad condition and travel through this area is not advisable," the B.C. Department of Public Works, reported today.

Since last Friday evening repair crews worked overtime endeavoring to clear up the 300-yard break in the highway caused by the flood condition from heavy snow and rain in the higher levels.

Late Friday, Saturday and most of Sunday, this portion of the road was impassable for buses and the E. & N. Railway was utilized to keep schedules north of the break. The first Vancouver Island Coach Lines buses went through last evening at 6.15. Provided there is no more immediate heavy snow or rain in the area, it is believed that the highway will be able to handle regular traffic.

Britain Removing

Last Of Her Troops From East Indies

LONDON (AP) — Britain will end her 14-month bitterly-contested assignment in Java Thursday when the last of her fighting forces board troopships in Batavia harbor.

In that period, amid hard-shooting by independence-seeking Indonesians, Dutch and Indonesian leaders have initiated a tentative agreement to transform Indonesia from a colony to an Indonesian union.

This week the Dutch Parliament at The Hague will debate the draft agreement, approved by Indonesian Premier Sutan Sjahrir and the Netherlands negotiator, ex-Premier Willem Schermerhorn, earlier this month.

A spokesman for the Netherlands embassy here said that if the Dutch Parliament accepts the projected union, a new general election will take place in Holland because of several constitutional changes involved in the settlement.

The first British troops landed in Java in September, 1945.

Women's Leader Says

Price Controls Needed

TORONTO (CP)—Mrs. R. J. Marshall, president of the National Council of Women, said here that removal of price controls at the present time would be "a great calamity."

She explained she could not speak on behalf of the council however until the matter has been considered at the meeting of the provincial council here on Wednesday.

Commenting on action of the Local Council of Women at Brantford which said it preferred a buyers' strike to control prices rather than the present Prices Board regulations, Mrs. Marshall said "Our whole war against inflation has been waged by price control—our fight against inflation must be maintained."

The Brantford Council did not pass any formal resolution against price controls but resolved to bring the matter before the provincial council meeting after expressing opinion that all price controls should be removed except for goods that are rationed.

Washington To Use

Canadian Coal

OLYMPIA, Wash. (AP) — The Canadian Government has granted Washington State permission to buy Canadian coal to heat state institutions during the fuel emergency, Governor Wallgren announced Sunday night.

Negotiations to purchase the coal from private Canadian firms are proceeding satisfactorily, the governor said.

The University of Washington is in the greatest need of coal of any state institution.

CRIBBAGE MATCH

Greater Victoria Cribbage League captured a challenge cribbage match from the Oak Bay Cribbage League, Saturday night, at the Oak Bay Community Centre by 120 points. Fifteen teams from each league took part in the match.

High score went to Bates and English of the Oak Bay League with 1,082, followed by McLeod and Nikkels of Victoria with 1,080.

3 Fishermen Killed

When Mine Explodes

BRISBANE, Australia (Reuter)—Three fishermen were killed when their 45-foot launch was blown to pieces by a mine off Palm Island, North Queensland Sunday.

\$8,000,000 Increase In Value

Of B.C. 1946 Farm Output Seen

The value of British Columbia's agricultural production this year is expected to reach nearly \$112,000,000, an increase of more than \$8,000,000 from records set last year.

An announcement from Agriculture Minister Frank Putnam's office today credited British Columbia's record fruit crops as being responsible for the biggest gain. The department expects the value of fruit crops this year to reach \$29,350,000, compared with \$20,116,000 in 1945.

This is a preliminary estimate as of Nov. 1. The 1945 total was the final figure secured by the department.

Responsible in a large part for the increase in the value of fruit crops is the bumper apple crop this year, which is expected to total 8,915,000 boxes. The 1945 crop total was only 5,740,000 boxes, an average pick.

Production of all other tree fruits and berries was up, however, this year with the exception of cherries. Adverse weather conditions during the time of the cherry harvest in the interior were largely responsible for the value of this crop falling below the 1945 total.

The department estimates production of peaches, pears, apricots, crab-apples, and all berries will exceed the 1945 totals. Similar to all other provinces, British Columbia's milk cow population this year has fallen by 2 or 3 per cent. The department estimates the milk cow population today at 96,000, compared with 98,700 in 1945.

Widow Of Ex-Kaiser

In Ukrainian Home Under Soviet Control

BERLIN (Reuter)—Former Empress Hermine of Germany, whose whereabouts had been a mystery since the Russian Army entered Silesia, has been discovered sharing a small house with a Ukrainian displaced family at Frankfurt-on-Oder in the Russian zone of Germany.

The ex-Empress, second wife of ex-Kaiser Wilhelm, who died in exile at Doorn, Holland, during the war, lives under Russian guard with the 18-month-old son of Prince Franz Joseph of Prussia in three top rooms of the house. The Ukrainians occupy the remainder.

Two Russian women, one an interpreter, keep her company, but the Russian authorities have permitted her old cook and secretary, who acts as the child prince's governess, to live with her.

Her repeated requests for permission to live in a Hohenzollern mansion in Berlin have been refused.

During the war the ex-Empress, who before her marriage to the Kaiser was the widow of the Prussian Junker Prince Schanich-Carol, lived with her retainers on the big Carolat estates at Sagan, southeast of Frankfurt-on-Oder.

When the Russian armies marched through Silesia and Brandenburg, she fled to her sister's home near Stolberg in the Harz Mountains. A letter she wrote to Marshal Gregory Zhukov brought Russian secret police and troops to her Harz Mountain home and the ex-Empress, with her belongings, was driven away in a truck.

The former Empress was allowed to take some family jewels and paintings of the former Imperial family with her.

The elderly, motherly-looking woman in the worn dress is always referred to as "Your Majesty."

Friends who have visited her say she is in good spirits. Her sole requests have been for books and newspapers.

U.S. Navy Prepares

Polar Expedition

WASHINGTON (AP) — The United States navy's Antarctic expedition is loading its ships for a direct journey to the polar regions.

Capt. M. A. Morcross, supply chief for the expedition, said the multitude of gear needed for the biggest polar expedition is going into the holds of ships at naval bases in Port Hueneme, Calif., and Norfolk, Va. The expedition expects to leave some time next month.

Each ship will be self-sustaining, carrying its own supplies. Two cargo vessels will carry supplies for a base camp. Two big fleet tankers will have fuel to supply the ships and aircraft in the Antarctic and get them back home.

Most of the 4,000 men of the expedition will live aboard the 13 ships, with the vessels anchored close in shore, but a 300-man base camp will be established, primarily for support of air operations.

Capt. Morcross said normal type foods—including meats, butter and other supplies usually carried by navy ships—will be used and there will be a fair percentage of dehydrated foods. Emergency ration will be taken along for use by parties operating on the ice. These will include the time-tried friend of all polar explorers, pemmican.

Brentwood College

'Old Boys' Enjoy Week-end Program

Present-day students and old boys formed in a week-end program to mark Brentwood College's Old Boys' Commemoration Day.

The get-together, the first since the war dropped a curtain on such functions, featured sports, a tea, dinner and supper meetings and a memorial service.

About 175 old boys, parents and friends participated in the program.

The week-end was ushered in with an English rugby match at Brentwood, when the current college fifteen took the measure of the old boys' contingent by a 31 to 0 count on a field blanketed with several inches of snow. A. C. Privett, a former headmaster of the college, refereed.

Lord was the high scorer of the day, going over for a try and making five attempts for conversion of tries good for a total of 13 points. W. McMahon scored two tries and single three-pointers were registered by F. McMahon, Campbell, Welbenson and Alexander.

The game was followed by a tea, after which the "old boys" came to town for an enjoyable reunion dinner in the Union Club, president Ross Hanbury in the chair. At this function Ned Symons retired from the post of secretary of the Brentwood Old Boys' Association, and the meeting elected Anthony Field to take over.

SUNDAY'S PROGRAM

Sunday's agenda took place at Brentwood, some of the older members attending for badminton and squash in the afternoon. At 5.15 a special memorial service was conducted in the chapel, which was full, School Chaplain Rev. N. A. Lowe officiating and Mr. Hanbury reading the lesson. The week-end was climaxed with a buffet supper in the school hall.

Members of the governing board present were Maj. Cuthbert Holmes, E. A. M. Williams, Dr. R. Scott-Moncrieff, R. Logan Mayhew and Capt. J. M. Grant. Two former headmasters present were Comdr. M. H. Ellis, now with the Royal Canadian Naval College, and Mr. Privett.

The rugby line-ups follow:
Brentwood College — Lord, Campbell, Welbenson, Ralston, F. McMahon, Young, Kerbey.

Realize \$150—Successful bazaar was held by the W.A. to St. Paul's, Esquimalt, recently at which \$150 was realized. The affair was opened by Mrs. E. R. Mainguy. Tea was served and in the evening a social was held. The next meeting will be Tuesday at 2.30 in the church hall.

Tea and Sale—Approximately \$100 was realized from the tea and sale of work held by the Garden City United W.A. Mrs. D. Williamson declared the sale open. Conveners were Mrs. J. Slater and Mrs. C. Tebb, sewing and fancywork; Mrs. A. E. Ricalton, tea; Mrs. P. H. Lucker and Mrs. T. Crosland, home cooking; Mrs. J. Jones and Mrs. T. Goodwin, flowers and superfluities. Next meeting will be Dec. 11, when election of officers will take place.

Clubwomen

Bazaar—Miss H. Leighton will officially open the Lake Hill Women's Institute bazaar to be held Wednesday in the Community Hall. Under the convener-ship of Mrs. G. W. Massey, stalls of aprons, pillow cases, home cooking and superfluities will be on display.

Henry V Among Best Pictures Ever Shown In Victoria Theatre

Easily the most artistic and the most completely satisfying movie yet to be made, either on this side of the Atlantic or in Great Britain is the Laurence Olivier production of Shakespeare's Henry V, which will open at the Oak Bay Theatre Thursday.

A special preview was held in the theatre Sunday evening, attended by the principals of Greater Victoria schools, department of education officials and others. Arrangements are being made to have Victoria school children attend special matinees of the picture at reduced rates. Col. F. T. Fairley, Deputy Minister of Education, and Mrs. Gwen Cash explained how the children's tickets could be obtained.

Filmed in glowing technicolor, in the green fields of Ireland, the play follows the original Shakespearean text faithfully, omitting no part of it. Laurence Olivier, who plays the title role, is a Shakespeare scholar of the highest calibre, and not only his own performance, but the entire production is authentic in every detail.

The opening of the picture shows a montage of the London of Shakespeare's day, the old Globe Playhouse, and the first scenes of the play are done on the bare boards of the theatre, with the audience in the pit. Here is shown, better than any number of text books can tell it, the limitations of Shakespeare's theatre, and the difficulties under which he labored. The declamation of Shakespeare is so finely done, the acting of all characters from the king to his lowliest soldier or court minion, so nearly perfect that ordinary dramatic criticism or an attempt to pick fault with minor detail would be out of place.

The battle scenes of historic Agincourt, the charge of the armored soldiers of France on their fine steeds; the flight of the arrows from the long-bows of England, and the individual combat between King Hal and the French chief constable are thrilling beyond words.

Interwoven in this majestic excerpt from a proud moment in England's history, is the bawdy good-humor of Pistol and his associates, and the delightful love scene between the king and Kate, who speaks at little English as he speaks French.

The Victoria premiere will be held Thursday, attended by the Lieutenant-Governor and his lady, cabinet ministers and other dignitaries.

Joan Fontaine co-stars with Arturo de Cordova in Paramount's romantic technicolor drama, "Frenchman's Creek," now showing at the York Theatre. Miss Fontaine turns in her most important screen achievement. Having starred in such hits as "This Above All," "The Constant Nymph," "Jane Eyre" and "Rebecca," Joan reached the peak of her acclaim with her Academy Award performance in "Suspicion."

"Frenchman's Creek" was adapted for the screen from the Daphne du Maurier romantic best-seller.

The modern idea in "jazz" entertainment now sweeping the continent will come to Victoria under Hilker Attractions management for one day only, Dec. 2, when "Jazz Symphony Festival" plays three performances on stage at the York Theatre.

Frontier Drama Coming To Dominion

"Stagecoach," the spectacular frontier drama produced by Walter Wanger, which opens at the Dominion Theatre tomorrow through United Artists release, unfolds a gripping story of pioneer courage.

The strange group of passengers thrown together in the coach as it proceeds fearlessly on its way from Tonto, Arizona, to Lordsburg, New Mexico, are Claire Trevor and John Wayne, the co-stars of the film, Thomas Mitchell, Andy Devine, George Bancroft, Louise Platt, John Carradine, Bertin Churchill and Donald Meek.

To John Wayne has been allotted the colorful role of the Ringo Kid, who has been driven to outlawry and is determined to kill his persecutors. Claire Trevor impersonates the woman, Dallas.

Variety Show Will Be Presented Here

Direct from the music-halls of London, the Palladium, and BBC, Hall Varieties to the York Stage in person Thursday.

Show features "Original Dumb-bell Star," "Romantic Baritone from Leicester Square," Louise Morrow, "Britain's Most Beautiful Lady in Distress," Katherine Farmer and Barbara Pierce, "Glorious Glasgow Dancing Stars," Helen Parker, "Britain's Queen of the Key Board," and other favorites of the Variety Stage.

On the screen will be two first Victoria showings of outstanding Hollywood productions.

Trees Imported For Hotel Set

The Hotel Plata set, built at Columbia for the Pat O'Brien starrer, "Perilous Holiday," was decorated with shrubbery and greenery valued at \$25,000, making the hotel virtually a greenhouse.

The locale of "Perilous Holiday," now playing at the Atlas Theatre, is Mexico City, and the Hotel Plata represents one of the finest hostilities there. The Columbia greensmen spent several weeks locating sufficient tropical and subtropical plants to lend authenticity to the courts, patios and cocktail lounges. Entire trees were transported to the hotel set, as well as many smaller plants.

Robinson Portrays Role Of Detective

Edward G. Robinson and Loretta Young star with Orson Welles in International's superb melodrama "The Stranger," an RKO Radio release, now being shown at the Capitol Theatre.

Robinson, playing a secret service agent, returns to the studio which gave him one of his finest screen vehicles in "The Woman in the Window." Miss Young portrays the daughter of a Supreme Court justice whose marriage unexpectedly results in stark danger to herself and to the community and a supreme degree of suspense for the audience.

Miss Young's most recent screen appearance, also under the International banner, was opposite Gary Cooper in "Along Came Jones."

Besides appearing as co-star in "The Stranger," Welles directed the picture.

Students Urged To See Henry V

All students of Greater Victoria schools are being encouraged to see the Shakespearean production "Henry V" which will be presented at the Oak Bay Theatre next Thursday.

Special rates are being given the school children, who attend the matinee in parties of 25 or more. Mrs. Gwen Cash, who is handling the reservations for the schools, said:

She asked that teachers telephone her at G 6959 between the hours of 9 and 11 in the morning or 2 and 4 in the afternoon.

It is anticipated, she said, that some of the larger schools, such

ROYAL THEATRE
So much has happened during the past few years in the life and career of Bette Davis, now starring in Warner's "A Stolen Life" at the Royal Theatre, that the general public has had difficulty keeping up with her.
Miss Davis was probably the busiest young woman in the entire motion picture colony during all the war years. With John Garfield she organized and then headed the famed Hollywood Canteen which entertained more than 3,500,000 servicemen and women during the war. When its doors were finally closed late in 1945, a reserve fund of \$500,000 was turned over to appropriate authorities for use in aiding veterans.

1,185 Poles Arrive To Take Up Farm Work In Canada

HALIFAX (CP)—On the second leg of their journey to new homes in Canada, 1,185 Polish veterans who arrived in Halifax early Sunday on the transport Sea Snipe, were on special trains today bearing them to distributing centres across the country from which they will be allocated to Canadian farms.

Of the 4,000 hand-picked farmer veterans, about 2,900 now have arrived in Canada. The remaining 1,100, who will leave from

Britain, are not expected to arrive until next spring. Most of the 1,700, who made up the first contingent which arrived in Halifax about two weeks ago, already have been placed on farms.

Lt-Col. J. P. Castle, officer commanding the Polish soldiers on the Sea Snipe, said this about Canada's new immigrants: "They have had the reputation for fearlessness and courage during battle and throughout the whole 11 days' trip from Naples they behaved themselves as real soldiers. Canada is getting men who, I am sure, will become excellent citizens."

As the men, most of them carrying musical instruments, came down the 7,942-ton Sea Snipe's gangplank, they were met by Canadian army and Labor Department officials and by members of the Halifax Knights of Columbus, who distributed cigarettes and Polish newspapers and pamphlets.

NO PUBLIC ADDRESS

Anastazy Gilewski, an official of the Canadian Polish Congress, mixed with the veterans of Gen. Anders' Polish 2nd Corps and distributed circulars among them expressing official greetings on behalf of the 180,000 Canadians of Polish origin. Department of Labor officials said they had denied Mr. Gilewski's request to speak to the Poles over the ship's public address system. "There were tragic stories that some of the Polish immigrants had to tell."

Tadeusz Krukowski, a native of Lwow, said he had not heard from his mother or father since the Germans invaded Poland in 1939, but that he did not know until later that his sister had died of starvation.

Jan Panoczek, born near Lwow, said his mother had died during the occupation and that his father had been murdered. Panoczek was wounded three times during the African and Italian campaigns. As he pointed to his Polish Military Cross he said: "I won it while fighting beside Canadians."

Card Party — Arrangements were made to hold a turkey card party at the Temperance Hall, Dec. 13 by the South Saanich Women's Institute at their recent meeting. A Christmas parcel was made up to send overseas.

Cleaning Fluid Explosion Demolishes Plant, Neighborhood

Firemen are shown fighting blaze amid ruins of block-long Ideal Laundry plant in Greenville, S.C., leveled by tremendous explosion which killed six and injured more than 150 persons in the neighborhood. Explosion, believed caused by leak in tank containing 15,000 gallons of cleaning fluid, destroyed 15 houses and damaged 45. It was heard 30 miles away.

Hollywood

BEHIND THE SCREEN

By ERSKINE JOHNSON
HOLLYWOOD (NEA) — In

typically grandiose fashion, Cecil B. DeMille is filming a saga of revolutionary pioneers and Indians titled "Unconquered." The cost of the film will be almost \$5,000,000. There's a cast of thousands, including Gary Cooper, Paulette Goddard, Boris Karloff, C. Audrey Smith, Howard da Silva and Henry Wilcoxon.

But even such super-colossal celluloid can't stir the silent man from Montana, Gary Cooper, into verbal enthusiasm.

We asked Gary what the picture was about. He told us in 18 words, a classic in understatement.

"Oh," he said, "it's about a guy giving tomahawks to the Indians—and I have to get him."

WILL HAS NO 'DOUBLE'
Stuart Erwin still is our No. 1 favorite for the title role if Warner Bros. ever gets around to filming the life story of Will Rogers.

We were talking to Stu about it the other day.

"Well," he drawled, "maybe I do look a little like the late Will. I guess I have the same sort of mannerisms and way of talking—and my hair falls down over my right eye. But there's one big difference."

"And what's that?"
"Will Rogers," said Stu, "had brains."

A star gets typed in Hollywood—and it's pretty difficult to convince people that he or she will or can play anything else.

Sonny Tufts turns heel in his latest, "Swell Guy," and after the first preview producer Mark Hellinger realized the film would need a foreword explaining Sonny's switch in character.

Everyone expected happy-go-lucky Sonny to become his usual film self. The audience had an "everything - will - turn - out - all - right" attitude—then felt cheated when Sonny remained a heel.

Now there will be a foreword explaining that he's a heel.

FILMS GO AUTHENTIC

As we predicted it would months ago, Hollywood has taken an interest in filming pictures in real locales.

The "Lady From Shanghai" troupe, headed by Orson Welles and Rita Hayworth, is in Acapulco for several weeks.

Warner Bros. will shoot for three weeks in San Francisco for the new Bogart-Bacall film, "Dark Passage." John Garfield's "Burning Journey" will go there for scenes, too.

Ginger Rogers' "Wild Calendar" will be filmed mostly in Denver.

Tucson, Arizona, gets the "Chicken Every Sunday" troupe. "Captain From Castille" and "Serenade" will go on location to Mexico for a month apiece.

"Carnegie Hall" was filmed in New York City, and "Boomerang" is being shot in Stamford, Conn.

But sometimes we wonder if it is all worth the expense and trouble.

Hollywood has developed the process shot to such a high degree that Barbara Stanwyck can be shot shown walking down Fifth Avenue without ever leaving a sound stage—and we defy any movie-goer to tell the difference.

3-Candidates Named In Kilmarnock

KILMARNOCK, Ayrshire, Scotland (CP)—A three-cornered

Victorian Bosses Timber-For-Britain Camp In Germany

By GEORGE BOULTWOOD
Associated Press Staff Writer
GOSLAR, Harz Mountains, Germany (AP) — This fairy-tale town, clinging to the north side of the Harz Mountains, is headquarters of what T. Guy Shepherd, its Canadian "boss," calls, "the biggest operation in the British zone."

T. GUY SHEPHERD

A great tree falls every minute of every day—great scars in the dense hillside forests get bigger, and every week produces more shiploads of badly needed timber for British housing.

Shepherd, a husky 55-year-old Canadian from Victoria, B.C., is as picturesque as his headquarters. Claiming to have been everything from bottlewasher to political leader in Canada, he fought in the First Great War and worked in the Canadian Forestry Corps in Scotland during the second.

Shepherd said, "The job we are doing here equals the whole timber felling operation undertaken by Canadians in Scotland during the war. We are providing timber Britain now lacks because every available tree there was felled during the war."

CAMP STRENGTH OVER 5,000

Shepherd's team of 20 British and Canadian officers supervises work of 5,000 displaced persons and a group of German ex-soldiers. Green labor handling 80-foot long logs makes the work dangerous but already Canadian methods such as the use of overhead wires to sling logs down steep slopes are employed.

Transport and equipment are very often a matter of local improvisation and "scrounging." The lumbermen once got badly needed wire rope in exchange for a bottle of gin, and several railway wagons were obtained for five cigarettes each.

E. J. Turk, timber expert from Reading, England, said: "We do not have much time to train workers, so we just let them loose on a piece of forest. They attack it like insects. Trees fall left and right in a hopeless tangle but by the time a gang has worked its way across an area they are felling trees neatly and in the same direction."

T. Guy Shepherd was C.C.F. candidate for Saanich in the 1937 provincial election.

contest in the Kilmarnock by-election Dec. 5 was assured to-day at the close of nominations. Candidates are William Ross, Labor; G. E. O. Walker, Conservative, and H. Dott, Scottish Nationalist.

Court To Rule On Jew Immigrants

JERUSALEM (AP) — The Palestine Supreme Court today temporarily forbade reshipment to a detention camp of 3,390 uncertified Jewish immigrants who arrived in Palestine waters aboard a ship of about 2,000 tons under guard of British destroyers.

The ship, intercepted at sea, bore the name of Hamerai-Havri (Jewish Resistance). Jerusalem sources said she was originally called the Lochita. (The Lochita is not listed in Lloyd's Register). The port area of Haifa was closed to all civilians.

The Supreme Court issued an order nisi to cover all the immigrants after a writ of habeas corpus had been demanded for 1,940 of them. The order said none would be reshipped today or tomorrow. A final decision was expected Wednesday as to whether the refugees would be placed in empty detention camps of Palestine at Rafah and Athlit or sent to Cyprus, where more than 6,000 Jews are now being held.

Vaad Leumi, the Jewish National Council, sent a delegation to the High Commissioner with a plea that the passengers be sent to Athlit instead of to Cyprus. The court action followed.

Sir William Fitzgerald, Palestine Chief Justice, presided at the session. The court decided that

the chief secretary of the Palestine government, the British general officer commanding in Palestine and five other officials, all named by a lawyer representing the immigrants, would have until Wednesday to show cause why the immigrants were liable to deportation.

Diamond Wedding

THE PAS, Man. (CP)—A well-known Manitoba and western Ontario pioneering couple, Capt. and Mrs. E. W. Brydges, celebrated their diamond wedding anniversary here today, the first recorded event of its kind in northern Manitoba.

Now 83 years old, Capt. Brydges and his wife, 77, are both reported to be in good health.

Capt. Brydges is a veteran of the Riel Rebellion and the First World War. For many years he operated a fleet of steamers along the Rainy River and on Lake Winnipeg.

LITTLE DRAMAS OF HOME LIFE

All is quiet on the home front
...then Mom hits the roof!

MOM was the one who could ride out the storms. Little things didn't annoy Mom. She lived for the day, and if everyone else was happy, so was she. Nothing jerky about Mom's nerves. They had regular habits.

So when Mom started to blow up every now and then, everyone wanted to get at the reason. The doctor found it. He said Mom — of all people! — had one bad habit. She was drinking too much tea and coffee — and when the stimulus of those beverages left her, she was cranky.

Your nerves aren't expendable! Drink Postum — for its grand, rewarding flavor — and because it's the perfect way to avoid drinking tea and coffee. Postum contains no caffeine to upset the nerves, heart or stomach. Convenient — made right in the cup — economical — costs less than a cent a serving.
